The Fool: **new beginnings** · **leap of faith**

We have the fool and we have the six of cups So it looks like it's a new beginning when it comes to a deep relationship or deep connections in general the Hierophant could be very connected with their um, I would say followers or Congregation or the people that believe in what they do or the people that trust them because the Hierophant is a figure of authority So it's interesting how they are out here first with the full card like it's a new beginning for them This is a new level for them And the

people that trust them so it's not just a Hierophant is the ones that follow them Okay, the ones that believe in them. What is this energy? It's a new level for the Hierophant and The ones with the Hierophant with this energy

03

05

Three of Swords

Three of Swords: **heartbreak** · **sorrow**

They tripping with this energy here. We have the three of sword. I Can't believe this line and then we have the two of pinnacles That's crazy Somebody really has a problem with whoever this Hierophant is like I don't know what the Hierophant is like how I don't know what they do Every Hierophant is different traditionally the Hierophant would be Some type of religious figure or some type of teacher But more so religious figure but really it's someone that leads to higher levels It's someone that knows the knowledge the the deeper knowledge and they share that or they lead others with the truth So that others can elevate us with the Hierophant does and that happens in many professions actually I'm just saying But this Hierophant whoever this is they have people that believe in them They have people that trust them. They have people that they're extremely connected to on very deep levels and it's real And they're someone that just disagrees because they are not connected to

this Hierophant on those deep levels But this Hierophant is chosen for what they do the star is out here Okay, so heavy Aquarius energy because the fool too, but that's like Uranus more so but heavy Aquarius energy and heavy tourists and Sagittarius Okay, whoever this Hierophant is they're clearly chosen for this. It's not fake Clearly chosen for this. You just got a hater that is actively Trying to make people not believe actively trying to break someone's image or Prove someone's image wrong. That's what it looks like That's what it looked like What is this energy? But it doesn't take away from the fact that somebody has chosen To do what they're doing It doesn't take away from that, but I mean like there is someone they're targeting Like imagine being like imagine the Hierophant in a room and they're on the stage and everybody is in the crowd It literally feels like there's someone that's coming in and like escorting people out one by one Like oh no this person. Oh their fate come with me. Oh, no this person. Oh, they're you know come with me like they're That's what it looks like they're trying to take away from the Hierophant. It's like you can't take away from Their shine. You can't take away from their truth You can't take away from the effect that they have on these people. You can't take away from the fact that they help these people Or taught these people or whatever you cannot take away from that that cannot be taken There's there's no way so the only thing that these people or this person can do Is to try to affect the believers or try to get in the mind Of the believers of whoever this Hierophant is whoever this is that's chosen for what they do And they are a figure Like I don't know. I don't know that's what it looked like though. What is this energy here?

It's like a strong car like a big truck moving through Nothing's going to stop that truck that the only thing that's going to stop the truck is the truck Or a damn mountain or some shit I'm just saying but ain't none of that here. Whoever this is they're going to get what they deserve and it's the harbor front like It's just weird like they got the how can I say while it was pulling people out of the crowd they were pulling people out the crowd This queen of cubs should have never been one of the people that was pulled out of that crowd They should have never been one of them.
