01

### Ten of Wands

Ten of Wands: **burden** · **responsibility**

We have the ten of wands.

---

02

### Six of Pentacles

Six of Pentacles: **generosity** · **giving**

We have the six of pentacles.

---

03

## King of Cups

King of Cups: emotional mastery · calm

We have the king of cups energy. It looks like somebody is trying their damnnest, their hardest to do what's right or to give what is supposed to be given. So, this is someone that's giving everything. It's almost to the point where it is a burden or it is somebody's responsibility to repay something. I feel like this is about repayment. What is going on with this king of cups?

---

04

## Nine of Wands

Nine of Wands: resilience · persistence

Nine of wands energy.

---

05

## King of Wands

King of Wands: vision · leadership

So, this king of wands can do it. They can do it, but it is not easy. Is there anything else with this king of cups?

---

06

## Ace of Pentacles

Ace of Pentacles: opportunity · prosperity

And then we got the ace of pentacles. Yeah, it's like they have to give something here until it is complete or until something is paid off or renewed. What is this energy? I don't know if they're doing

this for somebody else or they're doing this for themselves. I hope they're doing this for themselves because that's a lot of energy to put in for somebody else. I'm just saying. I'm a hope, I'm a hope and pray that this king of cups is doing it for themselves. Because the ace of pentacles is a blessing. It's a blessing from God. But I mean, damn, somebody got to work and it has something to do with the water element, something that comes from within. Something that a person does, that it comes from within, you got to work that shit. Okay, that's the only way I can say that. You can't sit there with all these let's say you got ideas. Well, let's put them on paper. I'm not trying to be funny, but you know, 10 of wands is when spirit has to grab you with all these. Like, you got this is what you got to do. It's something that you got to give so you can receive. You got to make it real. You got to put some power behind that shit. You got to put some energy behind that shit. Some anger maybe. I don't know, but damn sure some energy. And it's in the cups at the bottom, so that's good. That is great. What is this energy? But it's the biggest thing here is that 10 of wands. And even the 901s that's clarifying the king of cups, it really shows a lot of energy, exhaustion to the point of exhaustion like somebody cannot play. This is a king of cups. The king of like, their emotion, let's say, or using their emotion to manifest. You know, things that maybe could be artistic. Okay, things even like poetry, any kind of writing, any kind of art or anything like that you have to come from within. It's not something that you get from the ground or you get from the trees. It's something that comes from within. You may use tools, but it's something that's on the inside. Like that's different. The king of cups can make money from something that comes from within. The king, let's say, versus, I'm just saying, versus the king of pinnacles, they make money from making things out of the earth. The king of cups makes money from using their inside and bringing it out, using whatever they have to use. That would be the difference. What's this energy here?

---

07

## Five of Wands

Five of Wands: **conflict** · **competition**

We have the five of wands, more fire. More fire, we have the king of wands. So this is like a water fire sign I'm talking about. It must be unless this king of wands is a competitor because it came five of wands, king of wands. What is this energy?

---

08

## Strength

Strength: **inner strength** · **controlled force**

We have this strength card, Leo Energy. It's starting to sound like a competitor. Just a little bit. We have the nine of wands. That's the same nine of wands. They came out with the king of cups. Okay, what is this energy?

---

09

## Seven of Wands

Seven of Wands: defense · courage

And we got the seven of wands. Y'all, this is a lot of fire. Like I know it's hot outside, but this is a lot of fire right here. The whole line, five of wands, king of wands, strength card, nine of wands, seven of wands. Now I see why the king of cups got to give it everything. Now I see because it's just this king of wands doing everything they possibly can. They're doing everything they can. That's crazy. And you know what? If this is, if this king of wands is not a competitor because I'm hoping and praying it's not a competitor, but I know how this world is. If this is not a competitor, this king of wands is doing everything they possibly can to get some type of outcome. I don't care who it is. You got to take a hat resonate. But no matter who it is, they're doing everything that they possibly can. They don't have the tin of wands though. They have the nine of wands. And the king of cups also has the nine of wands. So it's a fight. But the king of cups also has the tin of wands. So they are the ones, the king of cups is the one that has to take it to the next level. The king of cups. You know like when you know what's the arm wrestling, right? When you're arm wrestling. And it's like you're, you're like in the middle and you're locked. And it's like all of a sudden you start winning, winning. It's like, yeah, that's what the king of cups got to do. They got to pull that strength from another part of the damn body and bring it into your heart. I don't know. You got to take a hat resonate. But they got to do something here. They can't let the king of wands win. That's just, it doesn't look like the king of wands is going to win. It looks like this king of cups is going to receive the ace of pinnacles. When I clarify the king of cups, it goes nine of wands, ace of pinnacles. The king of cups is going to get the ace of pinnacles. They're going to do it every, whatever they got to do to get this ace of pinnacles. But it is a shame. If this king of wands is another person, that is a shame that they got to try this hard. They got to do this much. They got to go this far. And they're still not going to win. The tentacups is still at the bottom of the other deck. What is this energy here? What is going on here? We have the seven of pinnacles. We have the five of pinnacles damn. That's like straining yourself. Somebody strained themselves trying to hurt you or strained themselves trying to stop you. What is this energy here? Seven of pinnacles and then the five of pinnacles.

---

10

## Judgement

Judgement: reckoning · awakening

Judgment. Yeah, they need to stop. And guess where judgment is right there with the king of wands. That is so crazy. What is this energy?

---

11

## Ace of Wands

Ace of Wands: spark · inspiration

We have the ace of wands energy. We have the king of pinnacles. We have the nine of cubs. That sound like that's the king of cubs up there. And it's even lined up with the king of cubs. And then we got the three of cubs. They're not going to stop these king of cubs. I know that they're trying everything. And the king of cubs has to understand the fire element. The king of cubs is the king of the water element. That's good.

---

12

## King of Wands

King of Wands: vision · leadership

But you're fighting the king of wands. So you got to put some muscle behind that shit. Okay, some fire, some flame. Okay, some passion, anger. Anything that represents some type of heat. Okay, actions is very important. Being stagnant, tired, anything to opposite of fire. You're losing the fight. You're losing the fight if you don't get up and do what you got to do because it's a six of pinnacles. You have to do what you got to do to get what you're trying to get. Because that's how it works. But it's just a shame that this king of wands is going this far. Like the whole line is fire and they still not going to win. The king of cubs is the king of cubs. They're going to have the ten of cubs. I got the nine of cubs down here to three of cubs. Like they're good. It's this king of wands that's straining themselves. It's this king of wands that's going to have judgment. That's all it is. But you got to win. The fight is not over. You got to win. And then it's going to be a new energy. Because I'm dropping

cards. What is this? What are these two cards? We have the night of cubs and we have the ace of pinnacles here. Let me just, yeah, let me make sure. Yeah, that was the only two. Night of cubs and the ace of... I'm sorry, yeah. The night of cubs and the ace of pinnacles. So once again with this water and then the ace of pinnacles. I clarify the king of cubs.

---

13

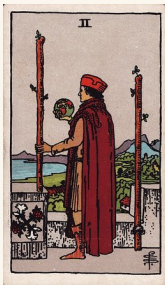

## Nine of Wands

Nine of Wands: resilience · persistence

Nine of wands, ace of pinnacles. Drop two cards on the floor. Night of cubs, ace of pinnacles. Like somebody is going to get whatever that blessing is, whatever that seed is, whatever it is that's going to multiply. Because that's what the ace of pinnacles does. But you got to work to get that to multiply. We have the four of cubs energy.

---

14

## Two of Wands

Two of Wands: planning · decisions

We have the two of wands. It's as if like this king of wands did not want this king of cubs to leave a certain area or they didn't want them to cross out of a path or cross out of a... They didn't want them to go through a doorway. Like they didn't want this king of cubs to go through any type of doorway. So they did something to block or they did something where this king of cubs has to try extra hard to get where they're trying to go. But oh well. You know what I'm saying? King of cubs is going to have to do extra hard. Okay, extra extra. Because they're not going to win with this. Ten of cubs again, look. I'm going to get another deck. But the ten of cubs is at the bottom of the deck twice. And we're talking about the king of cubs. And the ten of cubs is at the bottom of the deck twice. They're the master of the cubs. They're going to win this battle. I don't know why this king of wands is doing this. But I guess that's not important. They're doing it. What is this energy here? They see the king of cubs as a competitor period. What is this energy here? Ooh, they jealous at a king of cubs? They got to be like nobody puts that much energy into anything that they don't care about. Okay. If you're doing something, it's because you care. If you're trying to keep this king of cubs from going anywhere, it's because you really care. What is this energy? Like they feel some type of way.

---

15

## Justice

Justice: truth · accountability

Of course we have justice. Justice is going to balance the scales though. So like I said, it looks like they're going to either over exhaust themselves because it went seven of pinnacles, five of pinnacles judgment. Seven of pinnacles is when somebody has is giving everything to get an outcome but it still hasn't come. And then the next card being the five of pinnacles is not good news. That's like let's say if you was doing everything to fix a car. Okay, you're doing everything to fix a car. You out there sweating bullets. Your hands is everything just greasy. You're just filling on nasty and shit. Five of pinnacles as soon as you try to even use that car or pull off just all the wills, just everything just fall apart. That means somebody wasted their damn time. Okay. And in judgment, the scale is going to balance. It's going to be okay. It is justice is here. Leave her energy. What's going on here?

---

16

## Two of Cups

Two of Cups: partnership · union

We have the two of cups. Oh my gosh.

17

## King of Cups

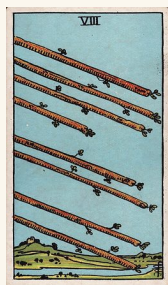

King of Cups: emotional mastery · calm

You telling me they didn't want the king of cups to move on because of a relationship kind of thing going on? They're oh my goodness. I know they didn't do some type of binding on this king of cups. I'm about to throw these cards. That changes the whole dynamic. I never considered that there could have been a relationship between this king of cups and the king of wands. But the two of cups is here. And you know it's so crazy. I think the king of wands once. I'm sorry. I think the king of cups wants a new relationship where they have one. Something like that. And they got a fight to have it or they got a fight to keep it. They got a fight to just get like I'm telling you this king of wands did

something because that's too much fire. Now I see why they care so much. Oh my gosh. What is this that is going down? I don't know if it's their health, their money, it's something that's going down. They put so much work into it. And it's like this king of cups is like fighting their way out of it. It's oh my god. I don't know if it's up to my binding. That shit is crazy. I am screaming. What is this energy? Yes.

---

18

It's the eight of wands and the seven of wands. Look, they are fighting it. The king of cups is fighting this shit. They really did do this. That's why it's so hard to break free. You just never know. What is this energy? We have the page of pinnacles here. We have the 10 of pinnacles. Wow. Somebody is planting seeds like to get their own. I don't know. So they want their own house. They want their own home or something. They want their own family. They want their own something. They may not have much right now. But shit, they about to plant the seed and it's about to get there. Okay. Period. They about to do what they got to do out here. And this king of wands must be in a jealous rage. They must be in a jealous rage. They've got to be in a jealous rage. Because this king of cups is about to manifest. They have been trying to block this king of cups since forever. Okay. And it could be a cancer. Shit, it could be a scorpion. I don't even care. It's some type of water sign though. I feel that this is a water sign. What's this energy here? A water sign that they deserve better. That's why they're fighting so hard to get it. They know they deserve better.

---

27
