You want people or cutting off people and they were upset about it. I think as soon as my nation or maybe something bright and gray to start that. Yes, separate your situation. The dependency or whether they think that I'm getting the first make it a choice. Without relationship, but you got clarity intuition and you can see. I feel like I'm doing it now. I think I did. She was thinking, oh, even though there was some folks, or there's a lot there, next row here, put them in the five and five. So this is where I actually put them in the back. So we're always making that three. Then if I get the sense that maybe there was either like a belief system difference or just a different maybe this Getting coming to New York or something Maybe a connector this source They're in grief though, that's our what somebody grief maybe it could be used by Like we were in the attending cops That's below you So maybe I just want to do it depending on them rather than actually finding your tiny cups. Really wanting your tiny cups with that kind of thing. But it's also giving like, you know, the chosen pain figure. Those who are. But only in relationship with you by which they're getting in. And then some of them. It's just the only way that the message of the existence in their mind and you're going to be knowing that it's actually spiritually to be so you are in the relationship with the individual in the mental health and health. I know they would just take you and just come to the church. And the ace of swords here, although they're convenience of the earth, so again, they may play or understand the injury. Sometimes that's the attack of women, and especially if the other countries have been chipping to rights and choice in altered states. And that kind of leads me to in the buildings and things of which are text on the resection and reality. And I think that's a good way to get a child understanding. That's the rules that we're going to say. So, yeah.

Ace of Swords

Ace of Swords: clarity · truth

We're in the tennis court, Aces Awards, and I know cuts. Wait, right? Because things feel good. After you've given the Toronto processing your grades there, right? We're never going to get a place where you can settle. You can settle with me. getting a place where you feel subtle to your system, that lovers. It was some addictions that you had to leave behind. Earlier, I did say that about like, stay that response and get a doubt. If we do some tuitions, that was some pretty addictions like that, find out what you want to. It's like you've got people and the sadness of that. You might have tried your own parenting, bring a child to like And bring that mask also, to the same time, you're standing

there. It's not in the victim's room, it's there to make this. It's full of emotional people. Some people would rather work to heal people than give themselves. Everything's a petition and they're coming to get their medics and they're healed. All that does is showing the bagels following me. And they're all like, essentially. So since they didn't have the label to date with the label, they do have the label. So they don't like the label. So that's kind of weird. I know where you're going to. I said I was just waiting for her to go. I can't say where we went. They're going to be moving. seems to have great situations where the difference is that dog made us like something to get to where I mean, especially when they knew that too. And there can be spiritual reasons why they do these things, but I'm not sure I'm going to just try to get to where we need to start. Like they say, your lighter tastes like demons. you're giving your brain-side not the narcissistic person. You cannot do a shame. All of their facade, all of their brain-diocity and all their reminding of you is driven in a big way, the college would say, but if that could make you make a shame, you're going to stay in a I can't go not being star of the show. So to be more. Let me get a little bit more. And so especially if you're relationship that may be Yeah, of course, if they're into it's so that's Wrap it up here with a conclusion energy. I'd love to be able to get more specifics here if that's possible. I understand that the higher fund here too is sort of giving. That someone say that the chosen one versus the compressor dynamic or compressor dynamic or the. Those that would siphon energy from someone who has connection to source or something. There are the five of us here. That's the way I got that. So some of us, don't run and attention is so great. And I think it's not fair. I mean, so getting one of that, they're in a few boards, but it's like, where we go from here, everybody actually is probably everybody. We maybe have the energy of solving to the restoration. We're not going to be able to see. So, it's exhaustion of other cycle. Again, it's a thing of scenes being planted. Is there an embarrassment? Whatever they've done, I don't know what that could be. Small work, but they're waiting to see a bear's fruit. Bears are going to get that just waiting. Or it could just be that they've invested some of the relationship between the three things, right? It's a big friendship relationship or family. It's either something we can do here And the most significant player in cable does not function. So I think they may be able to attribute it to you. And then, too, there's a new beginning here. Max, interesting. Other conflict that I've actually been turning into, we all have that security of praying for him. And that's leading to a new start. But you're getting that locked in that build site. We have the six of the works that we've been telling the guy. So I don't know. Maybe you've been selling it. It will be like this way. You're selling in suits. You don't take the journey. And you leave them in domains. All people are selling them back. Or it could be immediately. I am telling you this is because, yeah, OK. You're going to be sitting in a picture of them. You're selling them to a stranger. So I'm just saying, let's see if you can find them. They're going to find out what they're selling. So Aesoplons is a place where some of the years, there's a bunch of energy here, and it's an immense of promises, staffs and some of the things we're doing is nuclear, if they knew. If so, I think that nuclear. And so you can't talk about that, you know, in all the intuition that we're studying. And a lot of times these people, they're on spiritual level, but makes her a new little thing. As a psychological, I mean, that reduces our environment and it's also like, it's actually an outstanding chain. But it's always giving me like a huge solution giving it. And then I close out and say it like, gas light and same type of craving. It used to be like normal sleep care, but like it's like, so it's the same, that's a big cause of our personality's life.

The High Priestess

The High Priestess: intuition · the unseen

And the funny thing about that is that you're keeping your brain and say that you're a lot of people on the inside of their families that are non-legals, that are wrong and that they don't have to disqualify the workplace that you have. We provide money. So, that's why it's important to have a tomato tongue to put it in the cinema, I think. Okay, so again, you know, so it's our days. I do have the direction, and the intention. But that's really against all the key and greatest. And that's why your own ratings. That's true. In clarity. And so, get the same dollar. You can still help them out over the back of the situation, carry that trauma. Again, certainly some of the stuff you don't know. And again, you know, the DBT would say, you know, there's no something like this. But, right in the trial of the sun, it's like far along the trail. Right in the sun. But what I, again, it's like the priestess here. Somebody said, well, you know it, it's really, this is the burden in terms of the betrayed average. Thank you. You've got this ace of non, you've got a special power that they're trying to do. Keep your soul short, it's obviously the impact. But then again, you have been in insects, you have been in a kind of green trap, right? And don't project that into a different relationship, that's the thing about it. And then believe that you're a trimmer, that's the thing. Is there a healthy one? So, okay, we're fine apart here. And then, um, it's gonna be spiritual messages coming up. vision, you are that's emotional art is perfectly found out but it's but it's and then logs and the center team. I don't have a single place of chance. Moving forward tests and with our partners. And what kind of understanding the materials can be treatments into the bank loans. And just being touched, worrying, using the new tune. That's what I'm going to be telling you. And again, we're talking about knowing. And here's the battle, knowing when it's sufficient or discernment, right? knowing when it's a projection, past wounds being projected onto new people, but they didn't exist before versus, um, actual understanding and truth that is supernaturally ascertained, right? And part of that is just having a history and yourself and understanding and experience and knowing there's still quiet voice, you know, of spirits and your intuition or developing your spiritual practice. And knowing when, okay, why does this feel familiar? You know, is this because I'm seeing shadows of past experience and my brain, my hypervigilance is telling me it's happening again and you're taking things out of context, you're reading into facial expressions. You know, we don't know, we don't know. So that's the, can be the overthinking and the over analyzing of like thread relationships. So you can do, you know, watch out for that. You know, a lot of times just, if it puts you into fear and triggering versus trust, you know, too, that can be also a telltale sign. That is, you know, not coming from spirit here too a little bit, but trusting when you have the people who make you feel comfortable and recognizing love bombing versus when an athlete is like someone with an ADHD passion versus someone who is unarsically trying to do that. Although with ADHD can also be, been painful if they are dopamine driven and they have connections exciting

when it's new and fresh and then when that burns out then they have a history of moving on and we're losing disinterest and that can turn into what feels like narcissistic devaluing. So hopefully this
