01

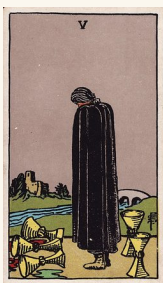

The Moon

The Moon: hidden influence · illusion

We have the night of cups. We have the moon. We have the Hierophon. Now what's this moon energy? It's a very how can I say this it's almost like somebody wants to bring this Hierophon love but it's like why is it in such mysterious circumstances or they feel this mysterious energy or they feel something they can't penetrate when it comes to this Hierophon or they feel like they can't just come out and say something to this Hierophon. They can't just say it. What does this moon we have the three of pinnacles is something that they want to do together they want to work together they want to collaborate together but they feel this energy is almost I don't want to call it scary but it's just uncertain and that uncertainty is scary

Five of Wands, Four of Cups

Five of Wands: conflict · competition

Four of Cups: apathy · reflection

what is this energy here that was the five of wands and now we have the four of cups energy it's like I don't know it's like the Hierophon maybe there is an energy of the Hierophon doesn't want to be bothered or the Hierophon there's something it's almost like a person does not want to disturb the Hierophon's energy they don't want to disturb the Hierophon's energy they don't want they want to bring peace what is this energy they want to work together or collaborate together or do something together but I wonder is there a past here because why would it feel like this where it's like a five of wands energy like it would be an attack on somebody's energy to come into their energy and then to be rejected like that may be what they fear

08

Eight of Swords, Nine of Wands

Eight of Swords: **restriction** · **fear**

Nine of Wands: **resilience** · **persistence**

eight of sword and then the nine of wands oh my god I am so sorry what I see in these cars right now is someone there was some type of past and they're going towards judgment I am so sorry this person trying to come into the Hierophon's energy is going towards judgment they want to do something together with the Hierophon they want to make things right they want to do something here but it's not no good energy there it's not no good energy there they did something to this Hierophon so that's just not going to happen it's like judgment is going to take place and it looks like they're going to be imprisoned I'm so sorry to read it like that I'm not going to sit here and lie though it looks like this person is trying to come in as the night of cups because you know the night of cups you know they like to charm you up they like to butter you up I'm just saying and that's not

09

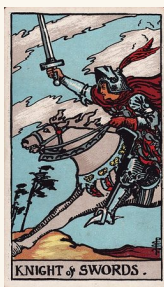

The Moon

The Moon: hidden influence · illusion

always bad but in this situation I think it's kind of bad because the moon card is there like clearly there's something here there's some you know like as if it's a pink elephant in the room or something or it will be if they try to approach you with some type of idea of working together working huh working who I don't think that the Hierophon is about to do this at all I see that somebody wants peace and they want you know you get that from God you got to get that from God sometime but I don't think that the Hierophon I think the Hierophon knows better like the Hierophon is usually a wise person they usually know like certain things and you know what they got to do and sometimes people don't agree with that but it leads to a higher place sometimes no every time the Hierophon it should lead up with the Hierophon it should lead up it should get better with the Hierophon but whoever this is they must have really messed up they must have really messed up because I don't see any like there's enough cards here the fives did not even need to come out the five of ones the five of sore that didn't even need to come out it didn't even need to but because it's out here it really shows me there is something of some type of animosity is some type of like the Hierophon would never work with the Knight of Cubs ever like ever we have the queen of pinnacles energy we have the ace of Cubs energy we have the king of pinnacles energy wow that seems like a pair that seems like a match

10

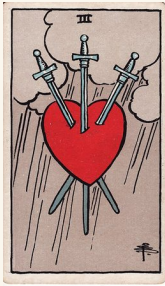

Knight of Swords

Knight of Swords: action · haste

I mean it does we have the knight of sword there let me get something let me get something with this king and queen with this ace of Cubs between them because that seems like a match that seems like real love that seems like real opportunity that doesn't seem like this knight of Cubs what is this energy here oh wait the cards is the wrong way what's this energy what's going on we have the tenacubs so I clarified it and the tenacubs came out so there's a real partner that stepping in not whoever this knight of Cubs no there's a king and a queen with the ace of Cubs and the tenacubs so I don't know what that person does look I was just about to say that person does

12

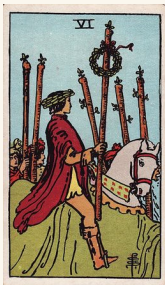

The World
