HOW TO READ THIS

Every block below is one card moment from the reading. The card art and name are what the reader just turned over; the two bold words are the card's core teaching meaning; the paragraph under it is exactly what she said while that card sat on the board.

01

Queen of Cups, Nine of Swords

Queen of Cups: **compassion** · **empathy**

Nine of Swords: **anxiety** · **worry**

We have the six of pinnacles, the queen of cups, and then the nine of sword. Look like the queen of cups is really going through it because of something that was balanced out. Somebody received something they deserve. I mean, let me get something with this six of pinnacles. Is this six of pinnacles good? Because why would the queen of pinnacles is actually facing the six of pinnacles?

02

The Emperor

The Emperor: **authority** · **structure**

Let me get something with the six of pinnacles, and it's the emperor. So the emperor is receiving something, or it's something that's fairly going to them. What's this nine of sword then?

03

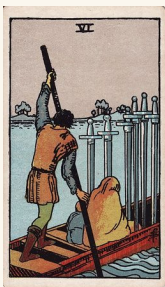

Three of Wands

Three of Wands: expansion · foresight

And then we have the three of wands. It says if somebody has to move forward, this queen of cups is worried that they have to move forward away from this emperor. The emperor is getting what they deserve. It seems to be a positive thing because otherwise the queen of cups would not be worried. What's going on with the queen of cups?

04

Six of Swords

Six of Swords: transition · moving on

We have the six of sword's energy. So they're going. A queen of cups is making the right decision to walk away to leave something alone or leave this emperor alone, even though they feel some type of way that the emperor is receiving something. Let me get something with the six of pinnacles.

05

Two of Cups

Two of Cups: partnership · union

And we have the two of cups, and this is some type of relationship. Like the emperor is moving on in a relationship. Queen of cups is making the right decision to go their own way. There's nothing that can be done about that. I don't know what happened with the queen of cups, but something was clearly wasn't right. What is this energy here?

06

Five of Wands

Five of Wands: **conflict** · **competition**

We have the five of wands energy. The nine of pinnacles look like somebody fighting over resources, fighting over money.

07

The Empress

The Empress: **nurturing** · **abundance**

We have the empress. I mean it could have been an xy for something like that or

08

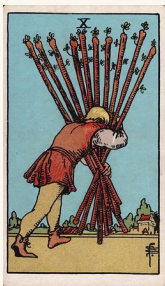

Queen of Wands

Queen of Wands: **confidence** · **warmth**

we have the queen of wands. That's a fire sign energy.

09

Ten of Wands

Ten of Wands: **burden** · **responsibility**

And then we have the ten of wands, damn. They look like the empress is the empress tried everything. Ten of wands is everything. Like when you're trying to fight, you know people that let's say fighting as a sport, people usually give ten of wands. They're trying to win. You know what I'm saying? First card in this world was the five of wands. Last card was a ten. Somebody went to the furthest extent and still the emperor walks away with what they deserve. So whoever this is, they

can't... How can I say? If they were trying to stab the emperor in the back by taking everything or taking more than what they could, that didn't work. And the emperor, it looks like they're in a relationship or they got a new relationship or they got some type of love there. I don't know what's going on with this other person. I'm just reading out how it looked. The emperor could be a woman for all I know. Any emperors could be a man. I don't know. But the way that they look, yeah. I'm just, you know, they tried to take everything. They didn't take everything. So the queen of cubs, they walk away with something too then. They just didn't get everything they wanted. I really think they wanted the emperor to be honest with you. But... You know, what is this energy?

10

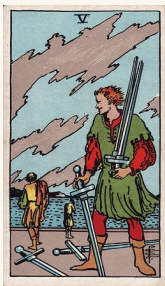

Nine of Wands

Nine of Wands: resilience · persistence

We have the nine of wands. We have the eight of pinnacles.

11

Five of Swords

Five of Swords: conflict · defeat

We have the five of swords. It's something about a career or a skill like somebody had their antennas up

12

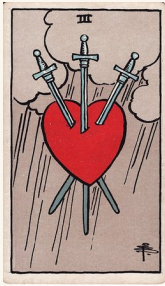

The Emperor

The Emperor: authority · structure

when it came to this or somebody, maybe this emperor was working with or... This, yeah, this is a little bit out there. This is just a little bit messy. I don't know.

13

Three of Swords

Three of Swords: **heartbreak** · **sorrow**

Yeah, we got the three of sword. Yeah, it really does look like the emperor started a new relationship somewhere else for what reason I don't know. Um, I guess they could blame it on maybe somebody's emotions or attitude. They could just blame it on whatever the hell they want to. I mean, pretty much, but it just doesn't look like it worked out between this queen of cubs and them, like, or what? It could be queen of cubs, queen of wands. It's coming out like an emperors, but okay, if it's an emperors, the queen of cubs is in her, you know, she's in her emotional place. She's feeling some type of way because of what the emperor is receiving. She doesn't think that's fair, but she got to move on. That's the best decision to make here, especially after giving everything... I mean, all the energy and everything. I don't know. That could mean a lot of things. I don't know if it's like the lower kind of energy, like arguing and fighting, or if it's the higher kind of energy, where like, somebody was giving the passion and they were giving. You know, I don't know which way to go, but the emperor was not happy. That's what it looked like. I mean, no matter who's right or wrong, it looks like the emperor was not happy. Even if the queen of cubs gave everything, even if the... Like, I don't know what was going on, but the emperor looked like they weren't happy.

14

Three of Wands

Three of Wands: **expansion** · **foresight**

We have the three of wands energy. That's the same three of wands that came out up there. We have the night of wands. And then we have the two of us, or somebody does not want to go. They do not want to leave. They don't want to lose their man or their woman to some other person. So it looked like maybe the Empress was trying to tap into the queen of cubs side. Like, I think it might have been too late to show that that care or that love or that connection is something that was missing. It's something that was missing.

15

The High Priestess

The High Priestess: intuition · the unseen

Yeah, we got the high priestess at the bottom. It was something that they did not know. It doesn't look like they were giving queen of cubs in their relationship.

16

Queen of Wands

Queen of Wands: confidence · warmth

It looks like they were giving queen of wands.

17

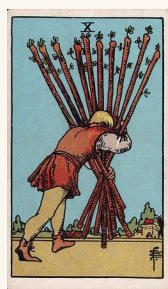

The Empress

The Empress: nurturing · abundance

It was giving Empress queen of wands in the second line

18

Five of Wands, Ten of Wands

Five of Wands: conflict · competition

Ten of Wands: burden · responsibility

with all these five of wands and ten of wands. It's like a lot of fire. You know, and the ten of wands sometimes can be very destructive. So I don't know, it looked like the Emperor and don't want none of that. They don't want that kind of partner. I mean, just because it says Emperor and Empress out here, it don't mean that they're meant to be together. I mean, mind you, they're in two different decks. I mean, I'm just saying, but you know, what's this energy? We got the Ada Sword.

19

Judgement

Judgement: reckoning · awakening

We got Judgment.

20

The Emperor

The Emperor: authority · structure

No, the Emperor felt like they were in prison and it was time for them to go. That's what they felt like. So this just wasn't the right Empress for the right Emperor. That's just what it looked like. And I mean, they're coming out like they're both self-sufficient. Like they're coming out like they're good. It's just it didn't work out just because they're both good or they both have money, they both have resources or whatever they have. Something was not clicking. That's how this looked to me. Like after reading everything, I'm so sorry. I feel like the Empress did not show the water side of herself or himself. They did not show the water side and because of that, look confirmation. I'm like, what can I say? I'm so sorry because I just feel like the Empress is most likely to actually watch this. But I'm not saying the Emperor won't watch it. But most likely the Empress might watch this. And I'm just saying like it may have been the water aspect. You know, I don't know. Maybe it was too much water. Okay, I don't know. But it just, I don't know, the Emperor went with a whole another and it's not to say anything is like wrong with this Queen of Cups. Maybe just the Emperor feels like they have a different reflection. Or they see themselves differently through another person's eyes. Like that's important. It should, there should be something there. And maybe this Emperor did not feel like the connection was there. Like what can you do? You can't do anything about that. Like love is not something you can control like that. I mean, what's this energy here? We have the two of Cups again. And I was just talking about this two of Cups. It's like the two of Cups is a reflection. So like let's say if you are attracting something you don't want, you need to change yourself. Or even if you're already in a relationship and something going on you don't like, you need to change yourself. It's the truth. But you know, people try to change the people and they don't always work, especially two independent people. That don't always work out too well. Most times independent people do exactly what they want to do. Most times, most times. I'm just saying, most times, I know there are some people that are completely independent and they still will go after what they don't want or they'll accept what they don't want. And okay, not talking about them. But these two people right

here, if it's not a true reflection, it's not going to work. There is no trying to fake it. Till you make it, there is no trying to make it work. There is no none of that. The emperor is going to go and get what they want and the Empress can do the same thing. They can do the same thing. But the Empress has to ask, and well, I'm going to say the Empress, because the Emperor look like they're going after what they want. The Empress I would say in this reading is the one that has to ask, are they being the best that they can be? Like, I know that sounds so terrible. But it's not above nobody to improve yourself. It's not above nobody to better yourself. It's not above nobody. Okay, so it is okay. But if you find that you were everything and you did everything, then it just wasn't, it just wasn't like what they wanted. Probably that's what it looked like in this reading. I am so sorry. But you can still, whoever the Empress is, they can get what they want. They just got to know what they want. Or they got to be sure. They got to the hey. You know, I don't know which way it go. I don't know which way it go, whether it was somebody falling short or it just wasn't meant to be. But it's not happening in this reading. And I don't even think somebody should feel bad about it. Like, I don't see why somebody should even feel animosity or anything. Because it really doesn't say anything about, let's say, the Queen of Cups being the most terrible person, or the Empress being the terrible person, or something, it's really just more, the Emperor finds attraction somewhere else. So they find love somewhere else. They find their reflection in someone else. It really just boils down to that. You know, it's not always a cheater. It's not always an abuser. It's not always a liar. Sometimes it's just two people that don't connect like that, like in that kind of way. That's valid. That's so valid. Like I would fucking respect that. Because that saves you a lot of damn time wasted. We have the Hangman energy. Yeah, somebody got to learn a lesson here before they can move on. I really feel like this is about the Empress. I do. That's to learn a lesson before they can move on. It's a purification. And you can't just force that shit.

21

Seven of Cups

Seven of Cups: **choices** · **illusion**

Yes, seven of cups. Somebody got to come out of the illusion. Okay, that may be another thing.

22

Queen of Cups

Queen of Cups: **compassion** · **empathy**

Because sometimes the Queen of Cups can be guilty of that living in fantasy somewhere. And it's like, you know, we got to live in reality too. You know, sometimes people start believing their fantasy. And then, you know what I'm saying? Like unless you buy the living in that fantasy, it ain't going to work. But I'm just saying. Seven of cups can be illusions, delusions, fantasies. Okay, fog. When you just can't really see, it's something that needs to be cleared up. I really do think so. Like I said, I don't think it makes this Empress terrible or this Queen of Cups terrible. But I think there may be some things that, you know, you learn things in relationships. Or you should, right? I think you should learn something. Learn something about them. Learn something about yourself. Look, what is this energy here? Chiron intuition. Let me get an angel message. What is this energy?
