04

Judgement

have the world card, too. The last two major arcana coming out together. Judgement and the world card. Judgement and the world. The last two major arcana. What is this energy here? This is a really big deal for the star.

We have the seven of wands.

07

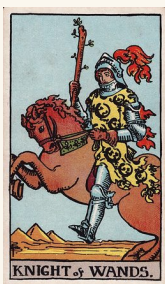

Five of Swords

Five of Swords: **conflict** · **defeat**

We have the five of swords energy.

08

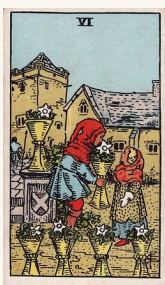

Knight of Wands

Knight of Wands: **adventure** · **drive**

We have the knight of wands energy. It looks like there's somebody fighting a problem. There's someone fighting like a conflict, like some maybe some type of disagreement, like people that think differently or it's it's just something simple. It's something simple-minded is what I mean. It's not simple, but it's simple-minded, like basically the star is going to get to a point when it's time for them to step into something or step into their purpose, there's always going to be some opposition here. Okay? But, the thing is, it's like it's what people are saying or they disagree with whatever this star cuz the star is different. It's Aquarius energy. The star is always going to bring something different. But, some people don't like different, and that's their damn problem. Okay? So, that's what I'm talking about right here. What's this energy here?

09

Six of Cups

Six of Cups: **nostalgia** · **innocence**

We have the six of cups energy.

10

Eight of Swords

Eight of Swords: restriction · fear

The eight of swords.

11

Justice

Justice: truth · accountability

Justice. Who is this six of cups? There were some deep connections here, but no, justice. Okay, let me get the rest of this line. Libra energy is there. We have the ten of wands.

12

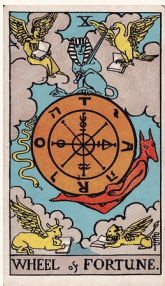

Ten of Cups

Ten of Cups: harmony · family

The ten of cups. So, justice is stepping into your power and completely connecting.

13

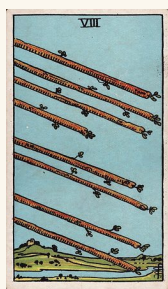

Wheel of Fortune

Wheel of Fortune: cycles · turning point

And then we have the wheel of fortune. What is this energy? Somebody was disconnected from

14

Eight of Wands

Eight of Wands: speed · movement

someone. We have the eight of wands energy after the wheel of fortune. So, it's something that is about to take off. Like that's like when somebody like when you pull the the bow on the bow and arrow and let it go, that's wheel of fortune and the eight of wands. Something really is about to it's about to change and it's about to go very quickly. But, there was something that a person was blocked off from. Like connections. They were blocked off from six of cups and the eight of sword is like the block. Six of cups is the deep emotional bonds, like Scorpio energy, the deep undercurrent of relationship. Like, you know, okay, how can I say? When I say deep undercurrent, imagine being in a room full of people, right? But, you know a person across the room. You know them very well. Okay? You know them very well. And they know you very well. But, don't nobody else in the room know. And there's no way that other people would know that unless you told them. That is a deep undercurrent. There's something about this that a person was cut off from something very deep, a very deep bond. And it I really do feel like it was a for a time period because justice is here. It was something that had to be balanced out until you could have that deep current, the undercurrent. You could not have that undercurrent until something was balanced. Okay? It's like things have to happen at the right time. Like everything is in its own time. None of this stuff can be rushed. When you're talking about these major arcana

15

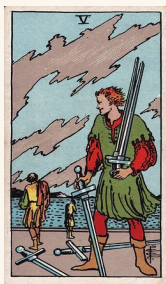

The World

The World: completion · cycle closing

like judgement and the world card, that cannot be rushed. Or justice, that cannot be rushed, no matter what you do. It's going to happen in its own time. I mean, it doesn't mean stop. It doesn't mean quit. But, it's just about understanding that someone was cut off for a reason. And now, it's something where it's like a bow and arrow. And it was just meant to be like that. Now, I don't know who these damn critics are, but that is going to stop

16

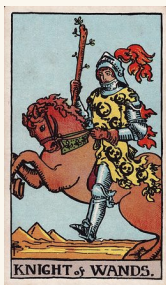

Five of Swords

Five of Swords: **conflict** · **defeat**

right there. This little five of sword

17

Knight of Wands

Knight of Wands: **adventure** · **drive**

and this knight of wands. What is this energy here?

18

Three of Cups

Three of Cups: **friendship** · **celebration**

We have the three of cups energy. So, it's it's weird. It's like a group of people or it's like multiple people. This is weird. It's giving me like there's they did this or they cut somebody out of some type of undercurrent or they cut somebody out of a relationship or they cut Maybe they cut you out. It's something here, but it's it's okay because justice came out and everything is going to be balanced out. Whatever it is that you were cut off from, you're not going to be cut off from. But, I'm just seeing the pieces of the puzzle. Like I really do think that they had something to do with that. And it would kind of have something It kind of connects to my last reading. Like these people had something to do like with cutting something off or making something harder or trying to close somebody's business or trying to tarnish somebody's name. It's something here. You're getting what you're supposed to get or you're about to, but these things have to play out. What is this energy?

19

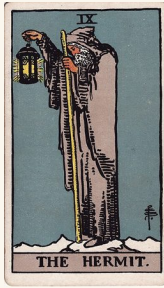

The Empress

The Empress: nurturing · abundance

We have the empress. What about the empress?

20

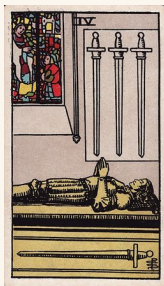

The Hermit

The Hermit: solitude · inner wisdom

We have the hermit Virgo energy, Taurus Libra energy also with the empress. The Someone could be seen as an empress also, seen as a star, seen as an empress. The hermit is the one looking. The hermit is the one like getting the wisdom about something or finding the wisdom. Now, I don't know if that's people looking at you or you looking at yourself. What is this energy? What's going on here? Chiron Intuition.

21

Four of Swords

Four of Swords: rest · recovery

We have the four of swords energy. So, whatever the hermit is finding, they're at peace with it. They're at peace with what they're finding, but they got to find it. I don't know what it is, but it has to be found cuz I think that's something also that is something that could have been cut off. Maybe that was something that was Like maybe it wasn't cut off from people. Maybe it was cut off from something within yourself. Maybe it's deeper like that. But, I still see opposition here. I still see people. And that's why I feel like maybe these people had something to do with it cuz why are they coming into the reading if it's like one of those things where it was all you? Why would they be coming into this? Cuz I definitely see it like that. With this knight of wands, they're quick to rush in. And then you got that five of sword. Like that's like somebody quick to rush in and say something or try to win some type of fight, try to win some type of battle or to prove you wrong in something or to disagree with you or make you look stupid or, you know, try to win in some type of way, like, you

know, mentally outwit you type of And no, that's not See, the knight of wands got that five of sword. But, empress hermit four of sword. Four is very solid. Four is like mental stability. So, whoever this empress is, they can't be with like that. Okay? Even though this four of sword is over here next to this hermit, I feel like like I said, the hermit is at peace with what they know. They're at peace with what they see, what they understand. They're at peace with that. So, can't nobody come along with this five of sword you know, the critic. Can't nobody come along with that That's easy peasy right there for the

22

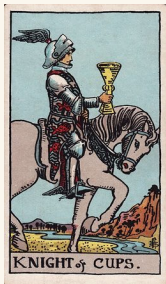

The Star

The Star: hope · renewal

star because the star is different. Okay? It's like it's something It's It's a little weird, like a lot of people's criticism and conflict come from the fact that something is different. Like that's like the root. That's like the number one root. Oh that's different. And then it breaks down to other things. But, yeah. What is this energy here? I mean, the first card was the star. It doesn't get any more different than that kind of energy. That energy was meant to stand out, meant to be different, meant to shine. Uniqueness, all that kind of stuff. So, these people right here having a problem, they got a problem with they self. I don't know what's going on with that. What's this energy here?

23

Knight of Cups

Knight of Cups: romance · the offer

We have the knight of cups, but somebody's going to do what is in their heart. They're going to follow their heart.

24

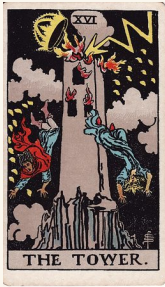

The Devil

The Devil: bondage · attachment

Oh lord, we got the devil. They always want to come out. What's this energy? Oh, we got the

25

The Tower

The Tower: sudden upheaval · collapse

tower. Okay, you can come on out with the tower. Yes, you can cuz that's the devil right there getting messed up. Something here that was toxic or just really bad for your energy or for anything you're trying to do, that's being shattered cuz that is false. It's not helping or even if it was somewhere how can I say? So, the star is Aquarius. This devil energy is like Capricorn. So, Capricorn is right before Aquarius, right? So, Capricorn is like the structures of things, but you know, sometimes the structures can be rigid and sometimes, you know, they need to be improved. Sometimes it needs to be made available for everybody and that's where Aquarius comes in. The energy of the sign before that sometimes is not happy about these improvements because these improvements means that something is phasing out. So, Saturn Saturn or Capricorn like to just keep the structure and that's all good, but when the structure is not the best it can be, what can you do about it? Nothing. So, that's where the star comes in. The star is different. These energies have a problem with the star because they are different and they're going to change something that may phase out what they're doing. Okay? But, that's what it's for. And then what's the last sign, Pisces? And then it all connects back to the whole again. That's what it's for. It's like but that devil energy really wants the buck to stop right there and it's not going to stop right there. It's going to keep going cuz it's not about them. Okay? It's not about them. It's something that it's about something beyond them and I think that's what is the problem. They can't wrap their mind around that. They think that something is underneath their roof and it's not. The is above your head. It's not underneath anything that I'm telling you and that's why the devil came out with the tower. Whatever they thought was like a whole structure and it's not going to be knocked down and we're going to keep it just like this. It's like, no, you don't know. You know, it's about God's plan. It's really I mean that's my belief. I'm not going to push it on nobody, but that's my belief. It's about God's plan. So, you can have you know, you can want what you want. That's all good. But, at the end of the day it's about God's plan. And if it don't go towards God's plan, it's going to it's going to bend and break and it's going to be a whole damn tower. It's going to have to be some divine intervention up in here. And that's what it look like. Cuz the star is going to get what's theirs, period. What is this energy here?

26

Four of Pentacles

Four of Pentacles: control · security

We have the four of pentacles.

27

Page of Wands

Page of Wands: discovery · eagerness

The page of wands. There's somebody that is holding on to something or they're keeping something here. And that's what I was just talking about. This is kind of exactly what I was talking about like when I was saying they wanted to just keep it just like this. And it's not always going to be like this. Like, you know, I mean you see all these buildings and stuff like that. You see the buildings and stuff. Okay. So, imagine if those buildings were just without I don't know, without credit card machine, without um what's all this that we got today? All this electronic stuff. You know, and they're like, you know, I want to keep it just like this. I don't want to improve anything cuz it's fine the way it is. Yeah, cuz it's going to mess up their money cuz they don't have their hand in that other stuff. But, it's something that's going to improve things for everybody including them. But, that's not how they're going to see it. They're going to see it like the star is and this is the sun in Capricorn and that's why this energy is so perfect for what I was talking about. This is somebody that don't want it to change because they want to continue looking like this. And they're not going to be looking like this. Okay? They're not going to be looking like that. be benefiting off of the star not coming and bust and and breaking the damn roof off the People benefit off of that. You I'm telling you. Look at the this is

28

The Sun

The Sun: clarity · joy

Capricorn sun Capricorn. This is how people be trying to sit in their business. They don't want the things to change that's having them looking like this. Okay? Especially it don't even matter if it's

something that's going to better it or not. It don't even matter. If it messes up that four of pentacles, they're not going to want it. That's money coming out their pocket. They're not going to want it even though it improves everybody's life, they're not going to want it because it's money coming out of their pocket. That's the ego. That's why I'm saying and then we have the sun here and I just said it's the ego. That's Leo's energy here. Also something about the fifth house. Also something about like this is something is shining. It's shining and it's glaring and it probably this four of pentacles, this person that don't want to let go of something, probably that's clear, too. Maybe they're like very immature with something, but it's clear. It's right there and the tower again. I'm telling you. Like it's clear. Like the tower is going to happen all around. The tower is going to happen all around. It's going to be ascension and descending at the same damn time pretty much. At the same damn time. They're not going to be able to hold on

29

The Chariot

The Chariot: willpower · drive

to something. We got the chariot cuz it's destiny. We have to move forward. We have to go towards the future. We can't stay right here. If we man, if really if the first person decided oh, I don't want to better anything, imagine where we would be. If I'm telling you it's it's something here. It doesn't matter what they want. The star is going to shine. The star is going to get what they deserve. The star is going to earn whatever it is. The star is going to connect to whoever they're about to connect to or whatever's going on. And whatever was

30

Justice

Justice: truth · accountability

blocked, justice is here to balance the scales. The chariot is here to get somebody to their future, to their destiny. And the tower is here to take everything away they don't need to be there. Everything that's false. Everything that's built up and has been built up that is false, it got to come down. It got to go. And if somebody's holding on to this some they're not going to be holding on that much longer unless they're trying to go down with it. I mean, I don't know. What is this energy here?

31

Strength

Strength: inner strength · controlled force

And it says strength and guidance. And power and intention. You literally have the blessing of spirit to do what you got to do. It says strength and guidance and power and intention. Like do what you got to do. You hell yeah, it's going to be a tower. Hell yeah, people's going to come down cuz there's something better coming for everybody. Hell yeah. So what?
