HOW TO READ THIS

Every block below is one card moment from the reading. The card art and name are what the reader just turned over; the two bold words are the card's core teaching meaning; the paragraph under it is exactly what she said while that card sat on the board.

That's when it's good money, good health, family is good, everything is good. You got what you need. You got more than what you need. You got so much that you can give to others. That's 10 of Pentacles. Four sword is mental peace. Four is stable. Mental peace. 10 of cups. Ultimate happiness. I'm about to say what everybody had is reading for. Because, okay, what is this energy? Wait, no, that's two cards. I just want one.

04

King of Cups

We have the Two of Cups, and you know, that's so beautiful. Because to have all of that and have nobody to enjoy it with would be nothing. It would mean nothing. And I should have known when I seen the 10 of Cups, but now we got the two of cups. This is, this is like, wow. This is like the king of cups. It's like a paradise. That shit is paradise. This shit is a dream. Not many people have this. Not many people have what I'm looking at on the board right now. Not many people have this. And 10 of Pentacles, it doesn't mean you have to have a billion dollars. 10 of Pentacles, like I said, just means you have enough where it's overflowing. You know, and it doesn't have to be overflowing like a billion

dollars, you have enough to bless others. You have enough, other people can depend on you. You have enough, even family, like I'm telling you, it's something, it's beautiful. It's everything, somebody is not without. What is this energy?

Five of Swords

Five of Swords: conflict · defeat

And we have the Five of Sword. I got to see what this five of sword is. Because I feel like it's somebody on the outside. I feel like it's somebody on the outside of the gates because the nine of wands can be a barrier. It can be a boundary. Who is this five of sword? Because I know that it's nobody inside of that. That's the whole kingdom right there. Okay, what is this energy? Who is this five of sword? What is this energy?

09

Five of Cups

Five of Cups: **grief** · **loss**

We got the five of cups. Okay, so somebody is really hurt. Somebody really is hurt. They're on the outside. they feel in some type of way because they can't come in there. It's giving you got to be resonating on a certain kind of level to even realize that that shit is around you to even realize this level of abundance is upon you. You must even be on another level. That's what I see. There is no way. What is this energy here? What is this energy? We have the will of fortune. So they want, They want the blessing, they want something to change for them, you know, that's really, and I understand. Everybody would want that, but it's like, you can't look at somebody else like they didn't earn that. Okay, just be, I don't care what. Look, what is this energy here? Cause I understand like everybody's different. This energy right here, I feel like somebody earned this energy. I feel like this doesn't come to be like, there are people that have a lot of money, they have no love. They have a lot of money, they have no love. Okay, there are people that have love, they have no money. Okay, I'm just saying, or no resources I should say. Okay, but this is someone that has both. So it's something where I think that a person has to be aware of what they have. They have to be aware of it. And the way to be aware of it is the fact if you work your ass off, I'm sure you're aware. I'm sure you're aware of it.

Everybody got lessons to learn everybody thought they were supposed to go this way They were supposed to go that way everybody been through that But you can't be looking at somebody like You won't have to stop doing that. I don't know maybe just reading is for them

16

Queen of Swords

Queen of Swords: independence · clarity

I don't know. We got the four of cups energy here. We got the queen of sword I mean, I guess they do feel cut off or something like that. I guess they do feel like maybe you don't care or something like that, but look, they are the ones they need to care. They are the ones that need to care. I am so sorry. They are the ones they need to care. They can't make somebody care about them. They can't make somebody this, make somebody that. They need to go and get what they need to get. You want somebody to care about you, you care about yourself. And then you show somebody else that you care. That's how you get that. However you got to work for that, okay? I don't know. I don't feel like this is somebody's fault. I don't feel like whatever they're feeling for you. That's not your fault. And then they want you to let them in. Hell nah. That's the thing. That shit is confusing as fuck. People wanna hate on you. They wanna be in your energy and shit, but they wanna hate on you. How does that work? They gotta stop that shit. People gotta learn how to be real. I mean, I really do see the day that is coming where people will actually be like, you know what? They're gonna understand. I think people are still trying to, you know, It's still that era of faking. How you feeling shit like that is still that era. That shit gonna go away. What's this energy here? Cause you're not gonna be hating on somebody and then be around them and shit. Like don't even waste your time. Just go get what you gotta get. And that's it. What's this energy here?

17

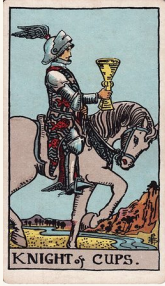

Three of Wands

Three of Wands: expansion · foresight

We have the three of wands energy here. Let's see who this three of wands is for.

18

Knight of Cups

Knight of Cups: romance · the offer

We have the Knight of Cups. I see somebody moving forward in love. I hope I'm getting back to the beginning of the reading.

19

Temperance

Temperance: balance · patience

We have temperance. Yeah, okay, that's healing. That's healing, that's balance. That's a whole path right there. What is this energy? Also Sagittarius, once again, Phobosaur. You know I'm tired of this card. In this reading, I'm actually really frustrated with this card, because this is the most negative card in the whole reading. Like so far, you know, well the tower is not negative. The tower is neutral depending on if what you're building is honest, but the tower is not good for people that have built up lies. So I guess because maybe they have built up lies that the tower is shattering all that shit and then they look over at you and you got the 10 of pinnacles and you got the 10 of cups and all that shit. And they're like, why is my shit shattering and this person's not shattering? Well, maybe because somebody is walking their path. Maybe somebody's living in their truth. Maybe because somebody is being who they're meant to be. You know, maybe because they minding their business. I don't know, it could be a whole bunch of things. But you know, I know that the tower tears down what is false. I know that for sure. The tower is never gonna tear down the truth. The tower is never going to tear down what is, what God built. The tower will never tear that down. The tower will tear down lies and deceit and shit like that. What is this energy? Even how people feel when people lie

about how they feel, it's almost like a setup. You gotta be honest. Like, I don't care if it's a relationship. I don't care if you be honest with yourself. If you're not being honest, you're not living in your path.

20

The World

The World: completion · cycle closing

Like, I don't give a fuck what the world is telling you and what they think that you should do and who they think you should be. That shit don't matter. If you're not living in your truth, you will never walk your path. you will never have the relationship that you want if you're not walking your truth, if you're not being with who you are attracted to. Like, I mean, let's just, I mean, it's different aspects of different things, but let's just be real about it. If you're not being real, if, look, you can't live a real life if you're not being real. You can't have nothing real if you're not being real with yourself or you're not being real with others. It's just, you're just stuck. People have to learn how to be honest what's going on inside. And then these towers won't be such a destructive force. The tower can also help you ascend. Because what if the, okay, how can I say this? There are some people that have done things in life that took them to the next level they didn't know or something like let's say something viral. That's also a tower moment, because it destroys the illusion that maybe, I don't know, maybe what you had was insignificant. Maybe that's, you know, I'm just giving an example. The tower can go up or down. It really depends on what the lie is. It really depends on what's meant to be broken. What broke in their life has nothing to do with whatever it is you got going on. I'm tired of this five of sword in this reading. That shit ain't got nothing to do. So if you walking away, clearly it's because you tired of their ass. You tired of fighting with them or you tired of their attitude or you tired of something look like a few people is tired okay people is walking away ain't nobody got time for that what is this energy here if it bothers it shit if it bothers them so bad they need to stop looking they need to stop looking and they need to start doing what the fuck they got to do to get what they got they need to start being honest with them so so that these towers don't destroy their

Nine of Cups

Nine of Cups: wishes · contentment

lies what is this energy here we have the nine of cups energy what is this

22

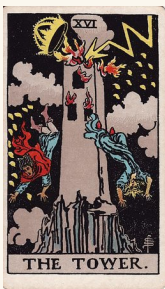

Nine of Pentacles

Nine of Pentacles: abundance · independence

We have the nine of Pentacles. Once again, it's like we got the 10 of Pentacles, 10 of Cups. Now we got the nine of Cups, nine of Pentacles. It's like, I don't know, 10 of Pentacles again. Look, it's talking about collective. It really is, okay? You clearly did the work. You gotta do the work. Of course it's not easy. In this, how about to say this world is something else? Okay, in this, I don't even, I'm trying not to cuss out the world. It's trying to come out my mouth, but I'm trying to hold it back. This world is something else. I understand that it's hard, but at the same time, you got to fight the fight. And you got to be who you are. You got to be real and shit. No matter what the fuck somebody say, no matter what they say, you got to be real.

23

The Tower

The Tower: sudden upheaval · collapse

Or when that tower hit, your lie is going to come down. The lie you've been living is going to come down. It don't matter what it is. When the tower hits, that shit going to hit. It's going to take everything. And look, the tower is here again. I'm not even playing like I didn't know that the tower was here. I didn't know, but it's damn sure here. And it's relentless with this damn eight Oh ones. It's always going to strike. It's always going to hit, but it's not going to hit somebody living in their truth, building what they supposed to build. Okay. It's not there. The tower is always going to be a force that takes down whatever is false. It's always going to do that. What is this energy here? Do I need to pull any more cards with this? I need to get an angel message. What is this energy here? Cause what it says clear, cancel, and release. Maybe that's what somebody needs to understand. Cause I don't know if this is family. I don't know who this is, but it's like, it's weird that they look at you a certain kind of way. No, clear, cancel, and release. It says raise you or vibration. You get what I'm saying? Clear, cancel, and release. Nah, you don't got to hold on to somebody that's going to backstab you. Cause that's what that shit look like. It looks like it will leave right there. Cause they going to always be confused why their shit is not working cause they lying and they're not living true. That's what I see. That's what I feel. If they looking at you like that, they not living in the truth. It's something here wrong. They're not living in the truth and they're wondering why something's not going the way they want. They wondering why it could even be relationship. It's everything you have,

the relationship and the resources. They can't, it's both of them. They can't have neither one of them they're not living in their truth. That shit is important. You gonna come here and let somebody tell you who the fuck you are? No. I'm gonna shut it down right here. If you like the way that I read, please like, share, and subscribe. Thank you so much for your likes, shares, and subscribes. I truly appreciate it because it is how we get the messages out in order to elevate the collective. I love you guys and I'll be back with another reading later. Bye.
