

NOTHING WILL SAVE THEM

A card-by-card teaching guide to the spread in the video. Read it alongside the reading to learn each card as it lands.

22 cards · up to 10 on screen at once · reading order

HOW TO READ THIS SPREAD

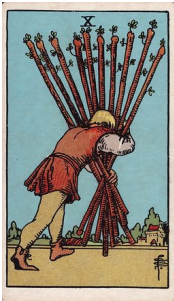

This is a **flowing spread**, not a fixed cross. The reader pulls cards as she speaks, and up to **10** stay on the board at once so a whole thought stays visible before older cards step aside.

Each card below is numbered in the **order it first appears** in the reading. The two highlighted words are the card's core meaning; under them is **what the reader actually said** when she turned that card, taken straight from this reading.

The video placed cards across **338** spoken beats. The same 22 cards, taught one screen at a time, are gathered here so you can study them after the read.

THE CARDS, IN READING ORDER

01

Ten of Wands

burden responsibility

Damn, we got the card, it just increased. 379? I don't know what that is, 379, but it's all fire. Like somebody, it looked like they're moving forward in defending themselves and they're taking it all the way. Someone has decided that this is what they're going to do, but it doesn't look like this is just someone starting a fight. It looks like somebody's ending a fight.

02

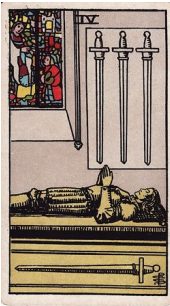

Seven of Wands

defense courage

It looked like somebody, because the card comes out when you are defending yourself, when there are energies coming for you and you have to do something. It don't matter if something happened yesterday, if it happened last week, if it happened last month, if it happened last year. In this reading right here, somebody is deciding now is the time they're going to end this now. That's what I see. What is this energy?

03

Four of Swords

rest recovery

We have the five of Cups energy. We have the six of Pinesicles, four, five, six, but all in different elements.

04

Eight of Swords

restriction fear

restriction and **fear**. The reader did not dwell on this card; read it by that core meaning where it sits in the spread.

05

The World

completion cycle closing

Yeah, so I'm noticing these last two cards, the eight of Swords and then the card, is someone that's about to free themselves from a prison or they're about to free themselves mentally or they're about to free themselves. There's something about to be freed. Like doing this or fighting for whatever you're fighting for, that's going to free you. It's an energy of like no more acting like everything is okay. No more that. It's time to give what is deserved.

06

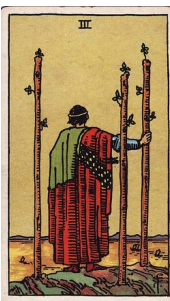

Ace of Wands

spark inspiration

That's the start right there.

07

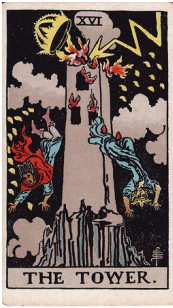

Three of Wands

expansion foresight

Ace of Wands is there, the first cards was the card, the seven of Wands and the ten of Wands. The card, seven of wands, 10 of wands. It's going to be unleashed. It's fire. And it's going to consume. And there is nothing that can be done about that. No spell. No, like this is their own energy. If they sent something that was supposed to consume you, it's going to consume them. I don't see how that's evil. They put that shit out there.

08

The Tower

sudden upheaval collapse

A lot of fire in this reading, we got the card. Ace of Wands and the card. My goodness. What is this energy? But it's about to be a the card moment so that a person's path can be corrected and set right, set straight. That's what it looked like. What's going on in this energy?

09

Two of Wands

planning decisions

So it went from the Ace of Wands, The Tower, and then the card. This is crazy what this is happening.

10

Nine of Swords

anxiety worry

Almost like somebody is in fear, somebody knows. It's coming, somebody knows. It's something bad going on, man.

11

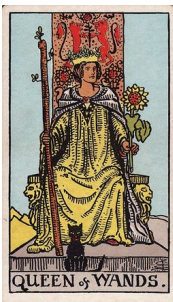

Temperance

balance patience

Okay, wait a minute, we got the card energy. We have the will of fortune, so Sagittarius. And then we have the Ace of Cups. Now I don't think that this is a renewal, I think that it is a crumbling of something. Something's crumbling because you're fighting back. And then you're going to be set on your path into new love, into a new connection. I don't know who this is where it's something going back to them.

12

Queen of Wands

confidence warmth

And the two of Pinnacles. So the card is working on something. But they're working on something. It could be that Sagittarius energy I was talking about. They're working on something.

13

King of Swords

authority truth

Queen of Wands and the card. It could be something with a fire sign and an air sign. There's something where they're trying to do something or they're trying to find balancing something. I don't know. Somebody ain't going to be in a good situation. I don't know who it's going to be. But somebody ain't going to be in a good situation. Because nobody's back and down now. What is this energy? We have the seven of Pinnacles. The card, air sign energy.

14

Four of Wands

celebration home

It could have been a long time coming to even make it to this achievement. But it is a right of passage for Wands. What is this energy? We have the full card. I really feel like this reading is for a person that was questioning. Should they fight back? Or should they let it just be honest? Are they just going to let it keep eating them up? That's what it's giving. Is giving is a person going to do what they got to do which is fight back?

15

The Magician

willpower manifestation

It looks like the card is trying to create some type of smoke screen. They're trying to create something like some type of illusion, some type of cloak, some type of maybe protection or something like that. They're trying to be protected from what they put out there which is coming back to them. They're trying to protect themselves from their own energy which they sent out. Okay. We're going to see how that works. What's this energy here?

16

Seven of Cups

choices illusion

choices and **illusion**. The reader did not dwell on this card; read it by that core meaning where it sits in the spread.

17

The Empress

nurturing abundance

We have the card, higher font the card and The Magician surrounding the seven of cups.

18

King of Cups

emotional mastery calm

We have the card of water sign energy.

19

The Chariot

willpower drive

So something about movement forward. Is someone trying to escape what is on them or what they put, like I said, what they put out there. They're really trying to get away. They're trying to escape. I see that something is about to be unleashed. I really don't know who's going to unleash it. I don't know how it's going to be unleashed. But I see it in the first three cards.

20

Justice

truth accountability

I don't know if somebody doing some the card work. But I know it's about to burn somebody that held up. Like, I don't, how can I say like, you might not even know what this person sent out until they hit their ass. And you going to be like, damn, that's what you was trying to do to me. Okay. What is this energy here? We have the eight of pinnacles. We have the night of wands.

21

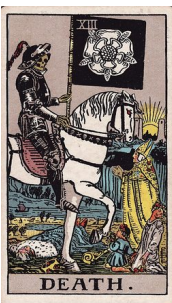

Page of Wands

discovery eagerness

And then we have the six of Cups. The card, six of Cups. The card going back to the past. Going back to something familiar. What is this energy? And then it's the page of Cups. Yes, something about a familiar person or something about two young people or when y'all was young. It's something like resonating and like something about the past or going back to the past, remembering the past, talking about the past. It's something here in the past.

22

Death

endings transformation

And then we got the card car here, man. Shit. But this shit got the card out here. What is this energy? It's about to be over. I don't know what happened in the past. Maybe two people were immature. What is this energy here? We have the three of Cups energy. We have the Ace of Cups. Look like the new Ace of Cups or that new connection is some type of family, some type of community. It's something right.
