01

Seven of Swords

Seven of Swords: **deception** · **strategy**

We have the seven of swords energy.

02

King of Wands, The Empress

King of Wands: **vision** · **leadership**

The Empress: **nurturing** · **abundance**

We have the king of wands. I'm not like how this is starting and then we got the Empress. They were just in the other reading together. And now it's coming out as a seven of sword. I definitely have to clarify that seven of sword. What is this energy? And we have the nine of pinnacles. This king of wands what they were doing for money. That's what the seven of sword. Seven of sword represents like deception or trickery or like manipulation or you know when you're trying to outsmart the system type of shit. And I clarified and the nine of pinnacles comes out and that's usually like a lot of money. Like you know the fruits of your labor and stuff like that. But it's coming from it's stemming from the

seven of sword. Like it's stemming from that. Confirmation. The Empress maybe doesn't...

03

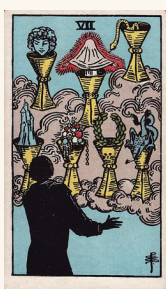

Five of Cups

Five of Cups: **grief** · **loss**

Oh the Empress is at the bottom right here. The Empress and the five of cups yet the Empress knows.

04

Seven of Cups, The Moon

Seven of Cups: **choices** · **illusion**

The Moon: **hidden influence** · **illusion**

Yeah, Empress, five of cups, seven of cups, the moon, the Empress is hiding the fact that they know. They know. They know. They know what they need to know. They may not know everything but they know enough. I'm so serious. This is right here. They know enough. Should I clarify the Empress? Let me just let me leave her alone. Since the Empress is at the bottom right now and the Empress already came out, I'm going to just leave it like that. What is this energy here? Yeah, right. I just define. I just clarified what the Empress is because right out of the Empress was the five of cups and that seven of cups and that moon card. Yeah, so yeah, that clarified the Empress. She ain't filling it but she's going to hide it and just

05

Page of Swords

Page of Swords: **curiosity** · **vigilance**

you know she's going to be strong. We have the page of swords and energy here. The page of sword trying

07

King of Cups, Nine of Swords

King of Cups: emotional mastery · calm

Nine of Swords: anxiety · worry

don't think they did. We have the king of cups and energy and then the nine of sword. The nine of sword. Okay, wait a minute. They're trying to see something about this king of cups. They're worried about something with this king of cups like the page of sword is trying to figure something out. I don't know who's who. The page of sword is trying to figure something out. They're moving forward to figure it out but they're blocked from something. It has something to do with this king of cups

08

The Empress

The Empress: nurturing · abundance

and it's driving somebody crazy. I could be talking about the Empress

09

King of Wands

King of Wands: vision · leadership

but it doesn't have to be. I could be the king of wands. I'm talking about two. King of wands could be worried too. It's something about this king of cups though. What is this energy here?

10

Queen of Wands

Queen of Wands: confidence · warmth

We have the queen of wands. Now what's going on? We have the seven of pinnacles, queen of wands. It's coming out like something that has been done for a long time but I'm a mom of my business. What's this energy here with this? We have the higher font here.

11

Queen of Swords, The Devil

Queen of Swords: independence · clarity
The Devil: bondage · attachment

The queen of swords. The devil? Oh no. This just looks terrible. Whoever this is, they just look like oh my god. Just being involved, being involved with the wrong person.

12

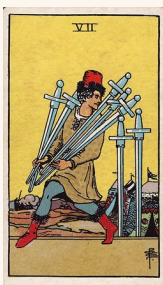

Seven of Wands

Seven of Wands: defense · courage

We have the seven of wands. We have the two of pinnacles energy here. I don't know. That sound weird. Trying to fix it with somebody or trying to deal with somebody you've been dealing with for a long time. This king of wands has been lying. First of all,

13

Seven of Swords

Seven of Swords: deception · strategy

let's just put that out there like number one. The seven of sword was the first card and king of wands came out. I clarified that seven of swords, nine of pinnacles. They've been doing something for money or they've been getting some type of abundance from somewhere. I don't know if it's money but there is something that's worth something. They're getting it and they've been getting it behind this Empress back and queen of wands is over there with the seven of pinnacles. Like I said, it's been something for a long time or for some period or it could be a ex-wife. Ex something because the higher font shows is something here. It was some type of I don't know like relationship or oath or not so I'm like I hope this ain't like a ex-wife or something like that but if it is they look evil because the queen of the queen of sword and the devil like that and they trying to fight something they trying to fight to build something maybe maybe this is a person that's trying to get this king of wands back. They trying to take the king of wands from the Empress or something like that because you know something happened in the past so I don't know. It looked like they've been doing something here because they're fighting for this king of wands. This is just come on now. Come on now. We got to really do better than this. What is this energy here? And the king of wands ain't no better because I think they were entertaining this queen of wands like I said for a period of time. What is this energy here? But I think the Empress already know this. The Empress already know who this is and everything. This is not new. It's just information as far as like I feel like this queen of wands or whoever this is I think they're doing something to try to get this king of wands back. I really think they're doing something. What is this energy and I think it's been done in the past and maybe it has worked but come on now. What is this

14

The High Priestess

The High Priestess: intuition · the unseen

energy here? We have the the six of pinnacles here. We have the high priestess. High priestess could be questioning perhaps what they deserve. I mean it doesn't have to be that but that's the first thing that came up. Like it is something the six of pinnacles is about what a person deserves. Like what you put out there is what you get. There's a questioning of like is somebody getting what's fair because the high priestess has wisdom. Okay and when you have wisdom there's no question about certain things like that. Okay I'm just saying ain't no question about that shit. Is that shit fair? Is it fair? If it's fair then I guess you know you got to do what you got to do but if it's not fair hey

15

Six of Wands, Page of Wands

Six of Wands: victory · recognition

Page of Wands: discovery · eagerness

same thing. What's this energy? We have the six of wands. We have the page of wands. Okay page of wands is going to go a new direction or new like they're going to go on some type of adventure confirmation so that could be the impression I'm talking about. I mean I did put it on

the three of sword and the three of sword and the three of cups the lovers like I don't know it's like I'm trying not to say certain things but that I don't know I don't know if this reading is connected to the first one I just did but I hope not because in that reading that Empress was fighting

19

King of Wands

King of Wands: vision · leadership

for that King of Wands like that Empress was fighting for that King of Wands and that King of Wands like I said in the other reading barely was making it about a skin and a teeth because it just feel like this King of Wands finally understands something that was in the last reading the King of Wands finally understands I think it is connected because it came out together and I shuffled the King of Wands finally understands the truth in that if the if the last reading and this reading

20

Queen of Wands

Queen of Wands: confidence · warmth

are connected this King of Wands is not going to fall for this this Queen of Wands if it's connected this King of Wands is going to know better but even though they know better they're still going to go through their karma that is if those two readings are connected but they're not going to fall for this demon down here they're not going to do that or an axe or something like that they're not going to do that because that's already been done that's that's what that's probably what was being learned that's probably what a person did unconsciously I don't want to say unconsciously like a person ain't got no responsibility for the actions but I mean spiritually like you got to pay for this shit you did when you were asleep you got to pay for that you got to pay for it I mean I was the last reading but I feel like now yeah I do feel like it's connected but now I feel like I'm seeing what they just work their way out of and there's a force trying to pull them back in and I don't think they're going to pull them back in but I still do think that this King of Wands is going to be punished for what they were doing with this Queen of Wands they're going to be punished for that because now they understand they weren't supposed to do that they knew but now they spiritually understand like they feel something they didn't feel it before it was very numb they didn't have the reasoning the discernment the wisdom and have that shit and now they have it so they're not going to fall for it but they are going to suffer their commerce there is nothing that a person can do for that the Empress cannot protect that they can pull them through the fire but they won't be as going to be burned they're going to be burned that's okay it's supposed to be like that it's supposed to do this what it is this is time for them to answer for the shit now so I don't know what's going to happen but in the last
