## HOW TO READ THIS

Every block below is one card moment from the reading. The card art and name are what the reader just turned over; the two bold words are the card's core teaching meaning; the paragraph under it is exactly what she said while that card sat on the board.

01

### The High Priestess

The High Priestess: **intuition** · **the unseen**

We have the high priestess energy.

02

### Four of Wands, Queen of Cups

Four of Wands: **celebration** · **home**

Queen of Cups: **compassion** · **empathy**

We have the four of Wands energy and then the queen of cups energy. Okay, let's clarify this queen of cups so far it's a solid energy. Okay, wow, we got the four Wands again. So the high priestess came out four Wands, Queen of cups. I clarify, Queen of cups, four Wands came out again. So the four Wands is out here twice. So is this someone like looking at a mirror? Is this someone looking at themselves? Is this someone seeing themselves in another person or they know what path another person is on? Like they've already seen something. It's like I feel like it's still positive though because the four Wands is when you've achieved something. Like when you set out to do something and you

did it. So it's some type of reflection. Like somebody is looking at the high priestess like they made it like and also the queen of cups made it. Like both of them made it together in something. Like there's some type of reflection there. I don't know how to say.

---

03

## Six of Cups

Six of Cups: **nostalgia** · **innocence**

And then we have the six of cups. It could be somebody looking at their own past. I don't know. This is an interesting energy. The high priestess is the only major icon in here. But the queen of cups being here with the same four Wands and then the six of cups at the bottom it like really shows there's some type of connection there. Almost like it's like a spiritual parent. A spiritual something here. There's some type of reflection or relationship because there's something very similar going on or there's something very similar about another person's life or their energy. It's just extremely similar. Like another person is either looking at their future or they're looking at their past. Okay, I'm going to get some here. What is this energy? We have the ten of pinnacles. Wow, that's wealth.

---

04

## King of Wands

King of Wands: **vision** · **leadership**

We have the king of Wands energy.

---

05

## Two of Cups

Two of Cups: **partnership** · **union**

We have the two of cups energy.

---

06

## The Sun

The Sun: clarity · joy

We have the sun card.

---

07

## The Empress

The Empress: nurturing · abundance

We have the Empress. It looks like a beautiful relationship between two people. So this high priestess could be one person that knows where they're going and what they're doing. They may know something deeper than what shows and then the queen of cups may be a partner. They may be a partner and they're both going through the gates. If it's not a partner, it's some type of relationship. I don't care if it's family. It's some type of relationship. They are going through this gate together. They are going through this gate together and they're going to receive something together. Now it may it may not be each other but it's something where there's a mirror. There's a mirroring of some sort. What is this energy? What is this? We have the harming.

---

08

## Justice

Justice: truth · accountability

We have justice and the harming is seeing the truth here. The harming sees my goodness. Let me get something here with this. Also Virgo Libra, we have the six of pinnacles. They see it's fair. They see they're being given what they deserve.

---

09

## Nine of Swords

Nine of Swords: anxiety · worry

We have the nine of sword.

---

10

## The World

The World: completion · cycle closing

So somebody was worried about this and then we have the world card but the cycle is closing. Maybe somebody was worried they weren't going to make it. We got the four of pinnacles. So that's solid financially and then we have the two of pinnacles. Something that just keeps going or it keeps producing results or it finds balance. It keeps its balance.

---

11

## Queen of Cups

Queen of Cups: compassion · empathy

It's something where I feel like this queen of cups is being invited through a portal.

---

12

## The High Priestess

The High Priestess: intuition · the unseen

The high priestess was the first card.

---

13

## Four of Wands

Four of Wands: celebration · home

The four of wands and then the queen of cups. I clarified the queen of cups. The four of wands came out again. The queen of cups is walking through a portal. The high priestess knows how to get this queen of cups through the portal. The high priestess is the guide through this portal. The high priestess can see the truth. The high priestess can see that this queen of cups is ready. I knew it was something. This could be a godmother. It could be a spiritual mother. It's something very important in somebody's life. And without this high priestess energy, it would not happen. The high priestess knows the way. The high priestess knows the way and the queen of cups is going the way. They're going through their right of passage. They earned it. And then the next card that came out was the ten of pinnacles.

---

14

## King of Wands

King of Wands: vision · leadership

Like they earn something here with this king of wands energy. And it's a two of cups. It's some type of relationship there. Where it makes the Empress feel good. I don't know who the Empress is could be the queen of cups. But it like brings the queen of cups to life.

---

15

## The Emperor

The Emperor: authority · structure

It's some type of reflection there could be an emperor. And like it's it's seen. Like the queen of cups understands what they're undergoing. What they're going through. They understand this is a right of passage. And they thought they weren't going to make it. And they did. It's almost like I think I've said this before maybe a long time ago. It's like in that movie, the mummy. Like when you couldn't see the city, unless you were there at a certain time, at a certain point, you know, and then it would just

appear. And it's like if the queen of cups did not see that, then they wouldn't be able to go through the doorway because the door wouldn't exist. But I believe somebody is seeing it. And the high priestess is bringing somebody through. The high priestess is doing an initiation for this queen of cups. And there is many ways. It's not always what it seems. But you know when it's something important, when you're going through the portal. And I'm talking about towards goodness. Not towards anything crazy. You know, there has been going on in the world. None of that. I'm talking about right of passage into the light, into goodness, into abundance. That's what I'm talking about. Somebody made it. They made it. And the high priestess is the guide. Asa sword. And I didn't know that Asa sword was here the whole time. Asa sword is facts. It's the truth. And we got the Nine of Pinnacles. Somebody is just going to have what they deserve. They're going to have what they deserve and what they desire. They're going to work for it. They see the portal. They're going through the portal. They're following the rules. They're doing what they got to do. What is this energy?

---

16

## Queen of Swords

Queen of Swords: independence · clarity

We have the queen of swords. Yes, queen of swords knows the rules too. They know the laws.

---

17

## Seven of Wands

Seven of Wands: defense · courage

We have the Seven of Wands energy. And then we have the full card. It even looks like in a crazy way, this high priestess is petitioning

---

18

## The Empress

The Empress: nurturing · abundance

for this queen of cups or this Empress. They're petitioning for. They're fighting for. They're defending. Because it's not just this is not something small. I can see it right now because you don't just get to the Ten of Pinnacles like that. Like it looks like they had to go through something. They had to go through something, but they achieved it. They did it. They accomplished it. So the queen of sword is doing what they got to do to make sure that whatever these possibilities are, they happen. That's what the high priestess is doing. Because the high priestess knows that shit is infinite. But the high priestess also knows it's about your choices. Your choices can change a lot of things. The real choices, not just what other people see, what only you see, you and God, the things you do on your own, choices can change the trajectory of your destiny. Or wherever you're trying to go, it can change the whole damn thing. What is this energy? What is going on? We have the will of fortune. I rest my case with that. The will of fortune. After I said all that, yes, you can definitely, it's about your actions. It's also about being prepared. Prepared for opportunity. And it looks like this queen of cups was prepared for this. And they achieved it. What is this energy? And they're walking into a new cycle, a beautiful cycle. What is this of stability and abundance?

---

19

## The Sun

The Sun: clarity · joy

The same sun card that came out with the Empress. So somebody is about to be their true self. This is like the highest initiation or something like that. What somebody is going through?

---

20

## The Magician

The Magician: willpower · manifestation

Yeah, we got the magician. The sun and the magician. And I just say somebody is going through the highest initiation. The sun and the magician. Somebody is being given some type of power also. It's not just any portal you're just walking through. It's not just any initiation. You're being given the tools.

---

21

## The High Priestess

The High Priestess: intuition · the unseen

I don't know who this high priestess is but damn. Like they know something here. What is this? I'm sitting here looking at the cars. And I flipped it over. We have the four of pinnacles energy here. Four pinnacles already came out. So it really is about stability. Like finally, somebody's, somebody's finances going to stabilize in a way. Because they go through this. And then we have the same tool pinnacles. I can't believe that that just came out the same way. Even in this last line, the last two cars was the four pinnacles and the two of pinnacles. Just now, the four pinnacles came out and the two of pinnacles. And I shuffled. And this is a whole different deck. So how did that come out exactly the same? What's the chances of that? This is really someone that's about to create balance in their life.

---

22

## Queen of Cups

Queen of Cups: compassion · empathy

This queen of cups is going through some type of initiation. It's understood on a spiritual level. It's not surface level. It is a spiritual thing. This queen of cups is the queen of understanding that. And this high priestess is like the damn Empress of understanding that. But it looks like the queen of cups is ready. Hermetic card again. It's like the truth is known. What is this energy?

---

23

## Five of Wands

Five of Wands: conflict · competition

We have the five of wands energy.

---

24

## Ace of Wands

Ace of Wands: **spark** · **inspiration**

We have the ace of wands energy. So it is how can I say it is a little turbulence? It is a little how can I say challenging? But it's something here where it must in order to light the flame, it must happen. What is this energy? And then we have the six pinnacles here.

---

25

## Temperance

Temperance: **balance** · **patience**

And then that's the blessing right there in temperance. That's the path of balance. Somebody is going to be on the way to their star energy on the way. Like that's a pathway in itself. But the temperance is a pathway in itself too. And it's a balance and someone is, I believe, being initiated to that path through someone else. Like there is something being given to this queen of cups that is initiating them into their new path. That is the best way I can say it. If this is you, you will 100% know. This queen of cups is being given something. I don't care if they're being given a damn piano or something. They're being given a special type of pin. They're being given, you know, something. Some crayon, something. Okay. But they're being given something. And it's so that they can be on this path because they earned it. They see and they won it and they feel it. And it's in their heart. It's in their soul. And it means something. That's why this high priestess is opening the doorway. That's why this high priestess is pushing this and allowing this to happen through them. It's coming through them. It's like birthing. What is this energy here? What is going on here?

---

26

## Five of Swords

Five of Swords: **conflict** · **defeat**

We have the five of sword. And we have the higher font. So it's something about, okay, let me get something with this five of sword. I want to go back to this five of sword. And it's the five of pinnacles.

Really, I really feel like somebody wants to come out of this poverty. Or they want to come out of sickness. They want to come out of some type of issues where it could be depletion. Black is just not good. And the higher font has the answers. They know the laws. They know the rules. It's like they're coming to the higher font with the issue. And the higher font is able to do what they do. And that's even coming out on top of the high priestess. So this is deep. This is really somebody that's opening another doorway. This high priestess could look like anybody. They could look like anybody. But if they're giving you something that maybe you couldn't give it yourself. It's something that they're doing. What is this energy here?

---

27

## Seven of Wands

Seven of Wands: defense · courage

We have the seven of wands energy. The seven of wands came out before. And then we have the page of pinnacles fighting to plant these new seeds. Fighting the odds. Like I think there's things against this queen of pinnacle. I mean, this queen of cups. There are things that are against this queen of cups.

---

28

## The Empress

The Empress: nurturing · abundance

And this Empress may know that. They said the Empress seems like they're petitioning for this. Like they actually have to fight. They actually have to fight for this queen of cups for this queen of cups to come to the portal. So this is really serious. This is not just, oh, okay, you can come in. This is like they're taking responsibility for bringing the queen of cups through. That's amazing. Yeah, we have the aether sword and we have the queen of pinnacles here. Somebody could not do it on their own. Somebody was trapped. Somebody was tied up. Somebody was imprisoned. It's very, very true. There's something that's being given here. It's being given and it's lighting the flame. It's giving somebody the fire, the purpose, the passion. What is this energy? It says composure. Like laying the sword down. And it says divine timing. And this looks like the stands of peace. Yep, and that's a portal right there. The divine timing. I'm going to leave it right here. If you liked the way that I re-please like share and subscribe. Thank you so much for your like shares and subscribe. I truly appreciate it because it is how we get the messages out in order to elevate the collective. I love you
