HOW TO READ THIS

Every block below is one card moment from the reading. The card art and name are what the reader just turned over; the two bold words are the card's core teaching meaning; the paragraph under it is exactly what she said while that card sat on the board.

01

Three of Pentacles

Three of Pentacles: **teamwork** · **skill**

We have the hierophant Taurus. We have the three of pentacles

02

The World

The World: **completion** · **cycle closing**

and then we have the world card. It looks like somebody's resource is going to the next level or something that a person finished something that uh how can I say now it's usable or it's people working together or it's like a collaboration it's a group if I feel like it's going to the next level. Usually the world card is a closing of a cycle, but I feel like the closing of the cycle will be the old level of like whatever this is. It doesn't have to be other people, but it's something that's going to the next level that you're doing. What is this energy? It's like three is complete. That's what I'm trying to say. Three is complete.

03

King of Wands

King of Wands: vision · leadership

We have the king of wands energy.

04

The Chariot

The Chariot: willpower · drive

We have the chariot

05

Three of Wands

Three of Wands: expansion · foresight

and the three of wands.

06

The Devil

The Devil: bondage · attachment

Oh, not the devil. What is this energy?

07

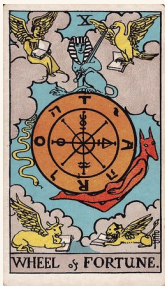

Page of Wands

Page of Wands: **discovery** · **eagerness**

And then the page of wands. That looks like a crazy commitment there that somebody's taking on. I'm hoping that this is someone having the power and not giving their power away because it can work either way. It feels like this hierophant maybe may become part of something that's bigger than them. But like I said, I hope it's not them giving their power away. I'm hoping not. What is this devil energy? I got to get something with the devil cuz there is some type of contract and it is about money. I mean contracts are because of money a lot of times. I mean a lot of times. What's this energy? What's this energy?

08

Wheel of Fortune

Wheel of Fortune: **cycles** · **turning point**

We have the wheel of fortune. I need to get something else. But this wheel of fortune is usually an opportunity or it's like blessings and good karma. But with the devil and then it's the five of

09

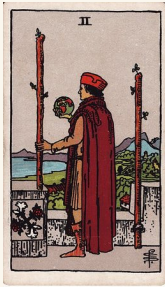

Five of Wands

Five of Wands: **conflict** · **competition**

wands is something about I feel protection like becoming part of something for the protection. That's kind of what it sounds like. It could be even legal protection, but it's some type of protection from like whatever it is you built, whatever it is, like let's say if I don't know, you created some type of product and teaming up with these people would help you. Let's say legal wise, like maybe they have a good team or maybe they have it's something where there's going to be shared power. I don't think it's you giving your power away, but I think there's something about shared power, and it's a good thing. It's a good thing to have whoever these whoever they are backing you up. They seem to have some type of power here. I'm just saying. I'm I'm just saying. And the devil is here too again. I mean, the

devil card,

10

Two of Wands

Two of Wands: **planning** · **decisions**

I mean, and then it's the two of wands. It's shared power. Two of Wands and the Chariot. So, it's okay. This reading is not for everybody, right? We're gonna start with that. But I feel like this is something that can be temporary. This is something like, how can I say, you know, contracts have expiration dates. So it could be like a year, two years, three years, whatever kind of whatever the contract says, but it's like it's something that is worth it for the time being or at least right now is something that is worth it. And even okay, being under like when you're under a contract, you can learn a lot of things too. Or when you're under someone else's power, let's say like when they have power over something, you can learn a lot in those situations. But I don't feel like this is a situation where someone has power over you. I feel like it's a shared power, but it's like you're giving some of your whatever and they're giving some of what they what they got and mixing that right now. It's not it's not a permanent thing though. It's not permanent, but it is for a time being. And I think that the way that this looks, I think that this is a good thing. This will be the proper thing. Like let's say if it was something you know you having security you having and it's just an example like you you know signing some kind of contract where it's like okay I'm going to have security for 3 months you know because of whatever you know cuz something's going to the next level. It's literally given that it's like a shared you know that's what it's giving me. It is giving something that you can't back out of. I mean the whole security thing was just a example but it's giving something you can't back out up. You can't back out of when you want to. It has to be completed. What is this energy?

11

Judgement

Judgement: **reckoning** · **awakening**

We have judgment. Yeah. It it really does feel like a level being completed and it's time to take whatever is completed. It could be a physical thing. I would even say it could be a spiritual thing. But it is something that's complete and it's time for it to go to the next level. And it just really looks like it's going to actually graduate this devil energy. That's when something is going to be up. It could have been already something that a person was under like a contract, something binding. It could be that

is that could be what is concluding because whatever it is as three of pentacles, it is complete. It's organized. It's something that the goal is met now. Cuz at two of

12

Two of Pentacles

Two of Pentacles: balance · juggling

pentacles, the goal is not met. The three of pentacles is when the goal is met. So it's something where there's a release. What is this energy? But there is a level of protection. It's something about protection though. I feel like even right now if if the level has not concluded, there is a level of protection. Like if you're about to leave a job, you're still under the other contract. You're it's it's giving that kind of thing. I don't know if I'm explain I I know I'm explaining it right but it's like I'm speaking in between the lines and that's what I want people to know. I'm giving analogy so that people can see okay what is this energy

13

Nine of Cups

Nine of Cups: wishes · contentment

we have the nine of cups right after the judgment. So it is it is when that glass ceiling is broken, that contract is over because the hierophant completed something something that could be monumental cuz it's kind of lined up with this chariot here. We have the two of wands again.

14

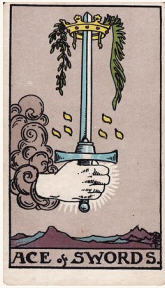

Two of Cups

Two of Cups: partnership · union

What is this? We have the two of cups. We have the two of pentacles. Dang. Two. Two. Two.

15

Ace of Swords

Ace of Swords: clarity · truth

What is this? We got the ace of swords here. Like something will be balanced. And

16

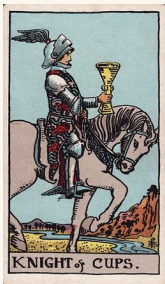

Ten of Pentacles

Ten of Pentacles: legacy · wealth

then it's the 10 of pentacles and that's wealth. Okay. So, somebody has to finish. It just looks like somebody has to finish the contract. That's all it looks like. I know I had a reading like this maybe a few days ago. It's it feels like something about finishing the contract, but that's all like but being under the contract is providing some type of protection. But you will have the protection that you need after something is done. I don't know what it is, but it has to be completed. It just has to be completed. There's some type of contract here. Some type of strings attached. It has to be completed. Not like not even a day can be left. Not even a dollar can be left old. It has to be completed.

17

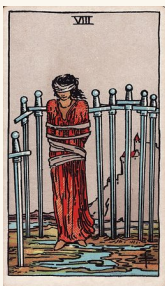

Knight of Cups

Knight of Cups: romance · the offer

We have the Knight of Cups energy.

18

Eight of Swords

Eight of Swords: restriction · fear

And then the eight of sword because it's something about not being able to move on, not being able to invest in another connection. Yeah, cuz somebody's under the old contract. Okay. What is this energy?

19

Ace of Pentacles

Ace of Pentacles: opportunity · prosperity

We have the Ace of Pentacles

20

The High Priestess

The High Priestess: intuition · the unseen

and the High Priestess. And it feels like some type of gift is going to come. The High Priestess is going to understand the deeper meaning of something, the deeper meaning of what is being attained. Like, you're going to know when the contract is up. Oh Wow. I don't know what that was, but you're going to know when the contract is up. There's going to be some type of material evidence of when the contract is up. It's a spiritual contract. It could be physical, but I think it's spiritual. Not just because it's the hierophant, cuz that's spiritual and earthly. It's like in the medium. I mean, in the middle, the middle. Um, but yeah, there's going to be some type of physical representation of the ending of the contract. And that shit's going to be crazy. We

21

Strength

Strength: inner strength · controlled force

got the strength card here. Leo energy. What is this energy here?

22

Seven of Pentacles

Seven of Pentacles: **patience** · **investment**

We have the seven of pentacles.

23

Queen of Wands

Queen of Wands: **confidence** · **warmth**

We have the queen of wands energy.

24

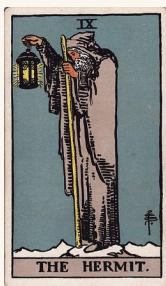

King of Cups

King of Cups: **emotional mastery** · **calm**

What is this? And the king of cups. A fire sign and a water sign. Something that has been going on a long time or it's an energy where it's been a lot of investing. Like it's about time is what it's giving me. It's about time for something to close out and somebody's been putting the work in and somebody has been been patient

25

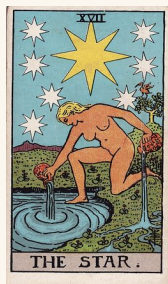

The Hermit

The Hermit: **solitude** · **inner wisdom**

and it's time. We have the hermit. The hermit can see the truth. Also, the hermit is learning the lesson. We got

26

The Star

The Star: hope · renewal

the hangman and the star. So, somebody may be seeing their purpose. They may be seeing some type of miracle. They're seeing something here happen that they ain't never seen before cuz it's the hang man. So, they're having a realization. They're realizing something they ain't never they ain't never realized before. And it is about learning a lesson. The hermit is about learning a lesson. The hang man is about learning a lesson. And the star is out here. So, Aquarius energy, but it could be something different. It's something very different about who this hieropphand is. It's like they're graduating on a spiritual level. They're like graduating. I want to say Somebody's graduating the underworld. They're graduating above the underworld or something. I don't know. That's kind of what it sound like. I mean, I hate to I don't know if it's exactly that. Like, if it's some spiritual stuff, you know, if it could be like that, but if it's physical, I wouldn't say somebody's I mean, possibly. It's something you graduating where these people not going or this person or these people or this company, they're not going to have power over what you do or a person that was in power. It doesn't matter. Could be somebody in your family. They're not going to have the power when this cycle closes. And nobody has control over when the cycle closes. Only spirit knows when something is over, when something is done. And you're going to have physical evidence of this and you're going to know that you graduated. Let me get something here. What is this energy? Yeah, cuz I was a little worried. I was thinking like, damn, somebody's going to go like after something is completed and it goes to the next level, they're going to go into some type of bonding, some type another binding contract. I don't think so. I think the binding contract is what is being completed. What is this energy

27

Five of Pentacles

Five of Pentacles: hardship · isolation

and we have the five of pentacles,

28

Page of Wands

Page of Wands: **discovery** · **eagerness**

the page of wands, and the knight of cups. Yeah, somebody got to take their chances at this. I mean, five of pentacles. I don't like that. That's somebody definitely in lack or maybe they was trying to keep somebody in lack so they didn't close the cycle. But the page of wands takes a chance. And the knight of cups, they are open to love. They're open. They follow their heart. Five of pentacles doesn't have much. I mean, whoever would be in the five of pentacles, they are in lack. They don't have what they need to have. But like I said, somebody's still taking this risk and they're going to they're going to do what they got to do without this protection. I mean, not I'm I'm not going to say without that protection, but without that whatever that is that was protecting, somebody's going to go out on their own and they're going to increase whatever this five of pentacles is. They're going to increase above that. Like it's going to be a new level for somebody and it's going all the way to the 10 of pentacles that already came out in this reading. And we got judgment

29

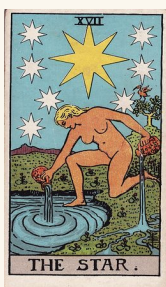

The World

The World: **completion** · **cycle closing**

at the bottom of the deck and the world card like it's it is time for someone to answer their calling. Like this is very serious. Whatever it is that was completed, it has a major purpose in somebody's life and it has a major purpose in the world. So, whatever that binding thing is, it can't hold it back. It can't hold it back any longer. It can't be withheld any longer. What is this energy? It says vulnerability and freedom. And

30

The Star

The Star: **hope** · **renewal**

that's the star right there. And it says compassion, joy, and contentment. I feel like something something is going to happen to show you something physical is going to happen. It even says learning experience. Something physical is going to happen to show you that you have graduated this energy and you're going to get some type of prize or some type of possession. You're going to have it in your hands. You're not going to be in this five of pentacles in this lack. There is something here that's going to happen to take a person out of that cuz it's time. I'm going to leave this one right here. >> If you like the way that I read, please like, share, and subscribe. Thank you so much for your like, shares, and subscribes.
