Five of Wands

Five of Wands: **conflict** · **competition**

We have the five of wands We have the seven of pinnacles

02

Five of Swords

Five of Swords: **conflict** · **defeat**

We have the five of swords Damn, this is a turbulent energy right here The fives are surrounding the seven of pinnacles like it's tough Trying to build something it's tough And a lot of time, a lot of energy is going into something. I mean, it must be worth it. That's all I could say. It's got to be worth it.

03

Seven of Pentacles

Seven of Pentacles: **patience** · **investment**

It's got to be as much struggle is surrounding the seven of Pentacles, which is usually somebody that's determined. They're determined they're going to finish something. No matter how long it takes, no matter how hard it is, they're determined they're going to perfect whatever it is. damn the five of wands and the five of sword is surrounding the seven like I'm trying to just tell somebody like damn it must be worth it it's got to be worth it that's the only way that somebody would okay five oh I'm sorry king of

07

Queen of Wands

Queen of Wands: confidence · warmth

king and the queen of wands is here. The king of wands has this star next to them, the queen of wands, I don't know. The first thing I thought was knockout. I don't even know. Oh, maybe because of this tower. It just, I don't know. It's some, and then between those cards is the six of cups. So it's the king of wands and the star. The six of cups is in the middle between the tower and the queen of wands. So it's like they are a match, a crazy match, but it looked like there's something surrounding building. It's a relationship, but it's a really deep connection here. Six of Cups, that's a really deep connection. And that's the only water energy so far. But that's a deep, deep, deep, deep connection right there. I don't know if they just saw each other. I don't know. What is this energy here? No, this is deeper than that.

08

Knight of Pentacles

Knight of Pentacles: diligence · routine

This is somebody has, yeah, a Knight of Pentacles. This is something where the King of Wands and the Queen of Wands have been working towards something, building something. And it's just a little turbulence on the outside. That's all. That's all it is. That's part of it. That's what it looked like. But it's the King of Wands and the Queen of Wands.

09

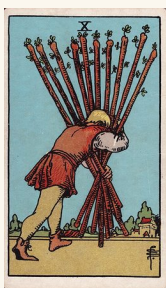

Five of Wands

Five of Wands: conflict · competition

So the Five of Wands is the first card. They can handle the Five of Wands. They are the king and the queen of Wands. They know how to handle that energy, that challenge. Okay, what is this energy? I don't even think this is surrounding them. I think this is on the outside of them. I feel like this is something that the King of Wands and the Queen of Wands have to learn how to deal with. That's some crazy shit right there. And it's not learn how to deal with it. It's learn how to manage despite whatever is going on. That's what it looked like. Because something here is being built and they not gonna stop. But it just seemed like all this challenging shit but it doesn't seem like it's between them. Because they have the six of cups between them. They are strong together. There is a deep connection. There is a deep bond. but it just seems like on the outside of them, people ain't never gonna stop. People ain't never gonna leave y'all alone. Y'all must be some type of bomb-ass couple or something like that. Let me get something here with this. Like I am serious, cause I'm about to say damn. Like anybody fighting with this, it gotta be worth it. It got to be, I don't know how else to say it.

10

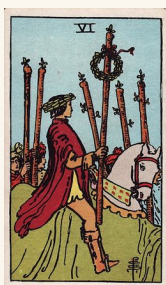

Ten of Wands

Ten of Wands: **burden** · **responsibility**

We got the Ten of Wands energy here, so it's the Knight of Pentacles. The Ten of Wands is all the fire. All the flames like they gonna build this shit No matter what the weather is They gonna build this shit. They just they gonna get through every challenge through every season That's all I can say we have the six of pinnacles here. Yes, they're gonna fight for whatever it is. They deserve

11

Six of Wands

Six of Wands: **victory** · **recognition**

I'm dropping the cards. They gonna fight for it and I just saw the six of wands to

12

Strength

Strength: **inner strength** · **controlled force**

Okay, what is this? And it's the Strength card. Leo energy. These confirmation, these are very strong energies in this reading. Like for two people to be together, this is very unique. Like two people have to be very strong to go through this. Extremely, extraordinarily strong. Really. This is not no ordinary shit. This is that type of shit where it's like, nah, I can't do this. I gotta go. Nah, but that's It's not these two, these two can handle it.

13

Two of Cups

Two of Cups: **partnership** · **union**

Yeah, two of cups, about to throw the cards. Two of cups. Let me get two more cards here. Let me get two more cards. We have the six of wands, and I said I saw the six of wands.

14

The Devil

The Devil: **bondage** · **attachment**

Oh, not the devil. Look, what a devil gotta get trampled on then, because this is too much energy. The devil is gonna get it every time. Any, I feel like we're just gonna blame it on the devil. The devil is the reason why the first card was the Five of Wands. Okay. That's the one that's it's, and it's just, how can I say the devil got many faces? It's not just one person. The devil got many faces, you know, and you got to be able to recognize that shit, or you won't lose the fight. The king and queen of wands seem to understand that cause they came in fighting. I was hoping it wasn't them two fighting each other. Cause I saw, I was like, damn, this shit gotta be worth it because it's surrounding whatever the King of Wands and Queen of Wands is trying to build. So the devil gonna play, but the King of Wands and the Queen of Wands gonna learn how to play. They gonna learn how to play and win. What's this energy here? What is this energy?

15

Three of Cups

Three of Cups: **friendship** · **celebration**

We have the Three of Cups energy.

16

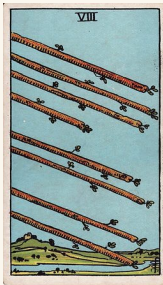

The Magician

The Magician: willpower · manifestation

We have the Magician. What is this?

17

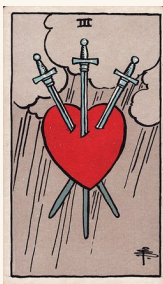

Eight of Wands

Eight of Wands: speed · movement

We have the Eight of Wands. It's something, it's positive energy that's being manifested and it almost feels like positive energy being sent out cause it's the three of cups, which is positive water. Like that's usually, let's say Soul Tribe energy but it just feels like, I don't know how to say it, just feels like a good energy. And then the magician and then the eight of wands, magician is sending something out, but it's positive energy. I wonder what that's about. Let me get something here with this.

18

Three of Swords

Three of Swords: heartbreak · sorrow

And then we have the Three of Swords energy. It's still hitting this Devil energy. It's still wounding them. It's like, it's crazy. I guess they want this couple to fall, but it's still good energy with them. They're still manifesting, they're still focused. That's killing this Devil energy. Wow, that, oh, these is two cards, yep.

19

Nine of Pentacles, Temperance

Nine of Pentacles: abundance · independence

Temperance: balance · patience

We have the Nine of Pentacles and Temperance. Sagittarius energy here and Nine of Pentacles.

20

Seven of Pentacles

Seven of Pentacles: patience · investment

Like the second card in this reading was the seven of pentacles.

21

Six of Pentacles

Six of Pentacles: generosity · giving

There was only another, there was only a six of pentacles after that and now we got the nine of pentacles. I guess they have been trying to prevent the nine of pentacles, perhaps even the ten. Yeah it's something where they're trying to take down the king and queen of wands. It could be two fire signs or it could just be two passionate people or two people that stand out. I mean it's the stars here you know things like that I'm just saying. It's something where I really feel like they don't want this couple to get there. There's an energy that this couple needs to be aware. You know, that may not be everybody, but somebody needs to be aware like the relationship is being attacked. The relationship is being attacked. Like, and like I said, the devil can have many faces, so it's like it's all around the king and queen of wands are understanding well they're aware of this but this is it's not everybody being attacked like this because i i spotted that when the first three cards came out i was like damn like it's really surrounding what they're building and what they're building it still got there what did i just put these back yeah it's the the temperance and the non-appendables let me take this one these two out because it still got there it's like Oh my goodness. If you're not aware that you're being attacked, you will not defend yourself. It's a big awareness here. I think they are aware. Of course they are aware. They got to be aware or they got to begin to learn that this is what it is now.

Because they really be like that.

22

Three of Wands

Three of Wands: expansion · foresight

We have the three of wands here. Let me get something here with this. And then we have the Aida sword. Something here about not being able to move forward with something like they're really trying to block this, but it's like I said, it's still got to the nine of Pentacles is still moving forward to a Pentacles is still progressing. They're really, I mean, I really see what this devil energy is trying to do. They're really, really trying to trap the king and queen of wands up. They're really trying to do that. And it's almost like, like they can put, like how can I say this? Whatever these forces are, they can hold you back as much as they can. But if you're constantly pushing, you know,

23

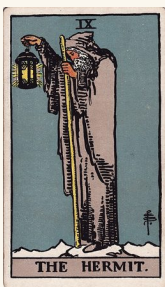

Two of Pentacles

Two of Pentacles: balance · juggling

two of Pentacles, if you're constantly pushing, it's gonna move a little bit. It's gonna keep moving. No matter if it's a little bit, it's gonna keep like they, they want the king and queen of wands like, like stuck, like a rock. And no, I see the fight here. I see that, yeah, like, even if, I'm telling you, even if it's a little bit, this King of the Queen of Wands understand, nah, we gotta keep pushing, I don't give a fuck. We gotta, mm, I don't give a, hey. That's what it looked like in this reading. Where people gonna have to realize that's what it is. Cause I don't know why it's an attack on the King of the Queen of Wands like that. I don't know why, but it is. And usually people be jealous of the king and queen of wands. People be intimidated. You know, they get a lot of attention perhaps. I mean, it's fire, sign, energy.

24

The Hermit

The Hermit: solitude · inner wisdom

Yeah, and then you got the hermit here. I even feel like people are trying to figure out secrets about these people. Because the hermit is like a detective out here. They trying to get information. This is crazy right here. That's crazy. I mean, there could be many reasons as to why this is happening. But somebody's got, I mean, like the king and queen of wands got to like really understand like this is, this is their norm. This is their norm. This is a normal day.

25

Ten of Pentacles, The Magician

Ten of Pentacles: legacy · wealth

The Magician: willpower · manifestation

We have the magician here. We have the ten of pentacles. That's what the fuck I'm talking about. You see, this is what I'm saying. And it's still got there. Like somebody really is activating. That's what I really think this is. This king and queen of wands, they're activating. They're understanding what is going on or what's at stake or how they're being attacked. It's like, it don't even matter what the face look like. The energy is there. They know that they have to fight this energy. And they look like it's a win because it's the 10 of Pentacles. Like that's what this devil energy don't want. Like it's really the Pentacles. the resources that this devil does not want the king and queen of wands to have. That's what it is. It's not the love. They don't give a fuck about that. Because they don't have that. They don't care about that. They want the resources. They don't love nobody. What is this energy here? This is too sad. We got the five of sorts. I'm telling you, this is their bitter ass. That's that devil energy right there. I promise. I promise because they see somebody no matter what still moving forward no

26

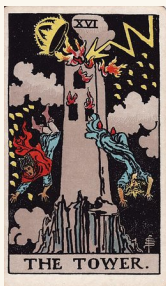

Ace of Pentacles

Ace of Pentacles: opportunity · prosperity

matter how hard it is five of Pentacles energy here and then Ace of Pentacles it's like there's a there's a renewal it's like it's almost like they can't

27

The Tower

The Tower: sudden upheaval · collapse

keep these two down I am so done and then we got the tower and this tower was connected with this Queen of Wands so shit like they both are in the ring they're in the ring they're in the ring they're in the ring fighting tag teaming oh my god why the hell would I say that and then I just remember that I said I've heard something about a knockout I'm talking about they're in

28

King of Wands

King of Wands: vision · leadership

the ring together so it's like the king of wands hit them hits them with the one and then the queen of wands hits them with the one two or the one two three, like what is going on here? People gotta be aware of what, you know, who your enemies are. It says ease and grace. This is just another day.
