That communication changed the outcome of something. That's how powerful communication is. So it's like don't discount it. Don't think that somebody knows what you're thinking because that's not communication. That's not, that's not it. What is this energy here? A sword is nothing. if it's, I mean like, if it's sitting on the wall, but you

know, a sword is for, you know, cutting down lies. You know what I'm saying? So when there's a lie, that sword is gonna come up off the wall, it's gonna get used in some kind of way.
