HOW TO READ THIS

Every block below is one card moment from the reading. The card art and name are what the reader just turned over; the two bold words are the card's core teaching meaning; the paragraph under it is exactly what she said while that card sat on the board.

01

King of Cups

King of Cups: **emotional mastery** · **calm**

Okay, the first one was the King of Cups.

02

King of Wands

King of Wands: **vision** · **leadership**

The second one was the King of Wands. Let me get one more.

03

Six of Pentacles

Six of Pentacles: generosity · giving

And then we have the six of Pentacles here. So it's something fair about a relationship. It's fair. It's giving a person is going to give back or whatever is being given is going to be returned. It's giving all of that energy. What is this energy here? What is going on?

04

The Hierophant

The Hierophant: tradition · guidance

We have the Hierophant energy. We have the Tin of Wands. It looks like somebody is going to do the right thing no matter what. Somebody's taken on some type of role, some type of very important title here. Somebody has been put in this position because they are capable.

05

Temperance

Temperance: balance · patience

We have the Four of Sores energy, Temperance, and then we have the Night of Sores energy. Hmm, Sagittarius energy and Tores. What is this Night of Sword energy? What are they saying? Oh, wait, this is the wrong way. What did I say? What is this Night of Sword? What's going on with the Night of Sword? We have the Six of Sores. So whatever they're speaking, they're saying the right thing or given the right answer to something. And it's about the pathway. Someone is choosing to go the right way in this relationship. The King of Cups and the King of Wands, they're facing each other. I don't care. Man, woman, I don't care. They're facing each other and the Six of Pentacles is there on the outside. It's like, I even feel like if it's something that's coming from the King of Wands and the King of Wands is going to return something or they're going to give something back and they know that it's their responsibility or their obligation. And they're at peace with that. So someone is saying the right thing and temper and synergy again on the bottom. Hmm, let me get something here.

06

King of Pentacles

King of Pentacles: success · stability

We have the King of Pentacles here.

07

Queen of Cups

Queen of Cups: compassion · empathy

We have the Queen of Cups.

08

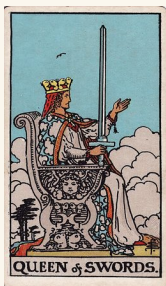

Eight of Cups

Eight of Cups: walking away · seeking

We have the Eight of Cups.

09

Queen of Swords

Queen of Swords: independence · clarity

We have the Queen of Swords, damn, it just seemed like somebody turned cold. Almost like the Queen of Cups turns cold. I don't know who this water energy.

10

Four of Wands

Four of Wands: celebration · home

We have the Four of Wands energy.

11

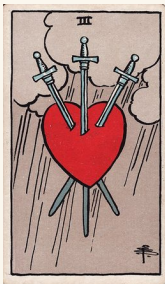

Ace of Pentacles, The World

Ace of Pentacles: opportunity · prosperity

The World: completion · cycle closing

The Ace of Pentacles and then it's the World Card. It's like somebody wants to close out some type of cycle, but it just, it looks like something could close at the beginning if a person does not keep their word. Like I feel like there's a promise that's being made. Like that somebody's going to return something or they're going to give something back. I feel like that and I feel like somebody saying the right things, but I also feel like somebody may try to use some type of excuse to try to get out of something and they're going to turn around and if they do that, if they do that, there is a cycle that's going to close on them.

12

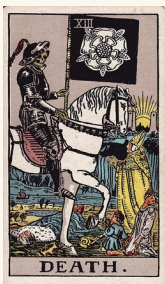

Three of Swords, Three of Wands

Three of Swords: heartbreak · sorrow

Three of Wands: expansion · foresight

Yes, the Three of Swords and then the Three of Wands and then the Three of Swords.

13

Death

Death: endings · transformation

If they tried to back out of something and also the Death Card is here, I didn't even see the Death Card. The Death Card was connected with this Three of Wands. All I saw was the Three of Wands and the Three of Swords. And when I moved the backup, the Three of Wands is the Death Card. They cannot. I don't know if they're thinking about doing this, but if they choose to do that, that's going to be on them and it's a serious consequence for that. That's going to be on them and it looks like whatever they're trying to start or whatever they're trying to do that's new is going to close out immediately. I'm not even playing. I've been saying like, oh, this person sound like they're saying the right thing or they sound like they're going to do this and they sound like they're going to do that, but it's different when you actually do it. So I'm not saying that this person is not going to do it. What I'm saying is that there will be a punishment, a very steep harsh punishment for them if they don't keep their end of some type of bargain or if they don't give what they're supposed to give, I'm telling you and they may not, I'm just saying they may not even be thinking about walking away. They may not even be thinking about that, but I'm just saying, I'm just saying, I'm just putting it out there because it's here. If they try to turn code and act like they, you know, whatever, whatever spirit got something for their ass, but this shouldn't even have to be said because I don't feel like a person is planning on doing this. Maybe it ran across their mind, maybe, but I'm not saying they did, but possibly, but it's not something that can just be done. They're not going to be able to walk away that easy like that. Shit's going close on the ass. That's the thing, like when, let's say if it's like some type of contract, you shouldn't have to threaten nobody. They should already know. Like that's not something that you speak on when you're signing a contract. There's nobody in there telling you, well, you know, if you don't keep your end of the bargain, your ass is grabbed, you know, nobody's going to say that. You know, you're going to jail if you, you know, like it's, there's certain thing that should be understood. I don't know what's going on, but they better not, what's this energy here?

14

King of Swords

King of Swords: **authority** · **truth**

We have the King of Swords energy. We have the Three of Wands, oh my goodness. What is this energy?

15

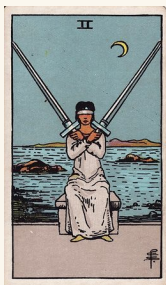

Nine of Wands

Nine of Wands: **resilience** · **persistence**

We have the Nine of Wands, yes, they're cautious about how they're moving forward.

16

Two of Swords

Two of Swords: **stalemate** · **indecision**

We have the Two of Swords energy. They know what they can and cannot do. They know its choices here.

17

Nine of Swords

Nine of Swords: **anxiety** · **worry**

We have the Nine of Swords energy, yeah, they know what's right and wrong.

18

Five of Wands

Five of Wands: **conflict** · **competition**

They know, they know, we have the Five of Wands energy, it just pretty much goes downhill, okay?

19

The Tower

The Tower: **sudden upheaval** · **collapse**

Then we got the tower. The Three of Cups came out, but it looks like whatever it is that would be a Three of Cups, that's going to be destroyed. They better not, they better not, they better not, they're going to find out some crazy shit if they do that. But like I said, this should not even have to be seen,

but it's here, it's here. I know they thought about this shit, I know they thought about it and they don't want to do that. They don't want to go down for some dumb shit. What is this energy here? Because everything will close out. We have the Nine of Cups energy. We have the Ten of Cups, so somebody wants to go up. They want to improve. They want to bring happiness and peace. They want to have a good rapport with somebody. You know, they don't want things to go down, but they know that that's the option. That's always the option, right? Don't everybody got the option to just say, fuck it? It's the option, but it's not a smart option. What is this energy?

20

The Moon

The Moon: hidden influence · illusion

We have the Moon card.

21

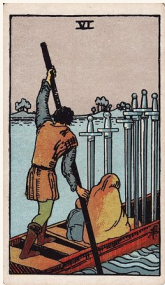

The Devil

The Devil: bondage · attachment

And we have the devil. Yeah, somebody knows what's on the other side. If they don't go up or if they don't do what they're supposed to do or if they don't give what they're supposed to give, or if you know what I'm saying, like, if it's not a balance give and take, you know, that's why you can't go on the story. Or just steal some shit. You got to pay for it. If it's not a balance give and take, there's going to be a big issue. So it's a beautiful thing to choose to do the right thing when you can do the right thing. That's a beautiful thing. So do that. That's what I'm saying. Somebody has to make the choice for themselves. It is still a choice. It is not just what you call it's free will. That's the word. That's the perfect thing to say about that. It is still free will. It is absolutely 100% free will. But that free will can lead your ass right into the ground is what it looked like. That free will can close a lot of cycles out on you that you were supposed to be opening up and doors were supposed to open and blossom and flourish and all that free will can you know, it can do a lot. So somebody really you know, they got to think about that. They got to do the right thing because they want to do the right thing because they know they got to do the right thing. They got to want to do the right thing because they know they got to do the right thing. They got to want it though, even though they got to, they got to want to do it. What's this energy? We have the page of pinnacles. Damn. I mean, we have the tin of sword. That's coming out after the devil. They cannot plant a seed without paying something back

or paying some type of do is they cannot do anything. I don't know who this is for, but this is like, this is for real shit right here. You don't have to worry about if this person is going to do this shit because if they do some dumb shit, that's just going to close on them like quicksand. That shit is going to close up on them. They cannot break something. They cannot break the rule. They cannot break the order. They cannot break something. They can want it or not. Let's say it like that. They can want it or not, but it's better if you want to do better. If you want that connection and if you want that rapport, you know, that's better. I feel like that's better than to fall into the pit because you thought you was just going to run with something or somebody give you something and you're not going to give nothing back. You're just going to stay with a shit and run. That's not going to work. That's going to be a sad ending for somebody. What is this energy here?

22

Six of Swords

Six of Swords: transition · moving on

We have the six of sword. Okay. Yeah. Let's get back on track. What's this six of sword? Okay. We got the Fava sword, the Fava sword. Somebody looking at the six of sword like it's a challenge. We have the two of sword here. Really? It is a choice. Somebody really is. I'm scared to say that somebody may still be deciding whether they're going to do the right thing or not and you know, that's fair, right? That's fair. That is fair. It is going to be the moment that they're tested. That's going to be what counts, but we're going to see. That's what it's looking like. We're going to see. What's this energy here with this? We have the King of Pentecostal's energy here. Okay. King of Pentecostal's and we have this star. So it's sometimes a King of Pentecostal's chosen for something.

23

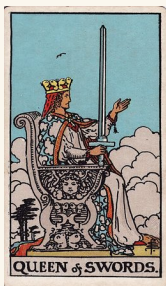

Queen of Cups

Queen of Cups: compassion · empathy

And the King of Pentecostal's was over here with this Queen of Cups that like walked away

24

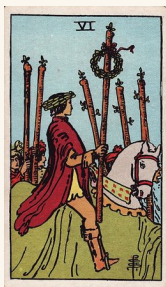

Queen of Swords

Queen of Swords: independence · clarity

and turned into a Queen of Sword and lost everything. It closed up. What's this energy here?

25

Six of Wands

Six of Wands: victory · recognition

And then we got the six of wand. So look like the King of Pentecostal's star is going to succeed in something. They look like they're going to succeed in something. It could be somebody feeling like maybe they don't have to give something back. Because a person is going to succeed or they don't have to do something because it is because of that. They're going to find some type of excuse and their shit is going to be closed up. Yeah, I'm telling you like I hope they to I hope they make the right choice. But everybody is entitled to make their choice. You can go up or down. Everybody's entitled to make that choice. It is free will. I know it's the it seemed like it's the illusion of free will. But it is free will. You can choose good or you can choose bad. I mean, the bad is not going to lead you anywhere good. It's not going to do nothing good for you. It's not going to get you nowhere. I mean, you can choose that. You can choose to not pay back or not give what is deserved or you could choose to. I don't know. You can choose a lot of things. But doing the right thing is going to lead where you want to go. Always doing stuff like this. It's never going to go anywhere. We have the Queen of Pentecostal's energy here. So the King and the Queen of Pentecostal are here. So if some type of mindset that's going to have to end when it's time to end a Scorpio energy here, something's going to have to end. It's going to have to die. It's going to have to transform and it's somebody never going to return. Some type of mindset when somebody breaks out of this, it's done. It's gone.

26

Strength

Strength: inner strength · controlled force

Or somebody has to make the right decision or the test comes because we've got the strength card here at the bottom. Maybe that's when the test is that like the test is when something is over or the end of something. That's when the test is. Yeah, because people do that shit every day. You trust them. You give them something. Maybe they want to pay you back. I'm going to do this. I'm going to do that and then they've gone. Phone number cut off. Change this. Change like. That's never going to end well doing people like that. That's never going to end well. That's not how you supposed to do. Never. Like, what is this energy here? What is going on? I got intuition. It says spiritual growth. Yes, somebody going to have to realize it's not just it's not just a free for all. We have courage and bravery. Yes, it's not easy. But shit, you know, things must be done. You can't just do what you want to do like that. I'm going to leave this one right here. If you liked the way that I repeat, like share and subscribe. Thank you so much for your like, share and subscribe. I actually appreciate it because it is how we get the messages out in order to elevate the collective. I love you guys. And I'll be back with another reading later. Bye.
