HOW TO READ THIS

Every block below is one card moment from the reading. The card art and name are what the reader just turned over; the two bold words are the card's core teaching meaning; the paragraph under it is exactly what she said while that card sat on the board.

01

Nine of Cups, Ten of Wands

Nine of Cups: wishes · contentment

Ten of Wands: burden · responsibility

We have the night of cups, we have the nine of cups and the ten of wands. Wow, that's like someone loving something fiercely or like they handle some type of responsibility because they love what they do, they love what they're pursuing, they love what their heart is guiding them and they're ready to take some type of responsibility or they're willing to take this responsibility to have this happiness. That's what it looked like. What's this in a matter of fact? Let me clarify this, this ten of wands. What is this ten of wands? And we got the full card here. Wow. And then at three apenacles, it looks like this is somebody's life. This is somebody's new beginning. This is the leap of faith. This is the chance that someone is taking to work together or do something together because of this three apenacles being at the bottom here. What is this energy? Matter of fact, let me get one more, let me get one more with

02

Five of Swords

Five of Swords: conflict · defeat

this ten of wands. So the full card came out and then the five of swords. Now I gotta see what that

03

Five of Wands

Five of Wands: conflict · competition

five of sword is. That five of sword is something that was not understood. Five of wands. What is this energy? We have the ten apenacles though. You know, it really looks like someone that's going to have to like stand up or they're going to have to like speak up. They're going to have to be in uncomfortable situations. Now I don't want to say it's a negative thing. Like, I don't want to say I'm comfortable, like terrible. Like let's say when you are with someone that is famous or let's say when you're with someone that has a very important job or a high profile job or someone that you know is giving like not an easy relationship or not an easy person to pursue, but like I said, it's worth it for some reason because it's the ten apenacles. So somebody's new like you like literally being with this person when I'm describing right now, literally being with this person could mean that somebody could just say something crazy to you just because you are with this person. That's what it sounds like to me. Somebody's saying that I love this person so much. I don't care what it comes with. Not maybe not that far, but they're saying that they don't care that it comes with the critics and it comes with the hate and it comes with the conflict and it comes with the uncomfortableness sometimes. And you know, it comes with that, but it's night of cups, nine of cups. The Ten of Wands is what was like wow, like somebody really is going to put all their energy into this. They are really strong to have this energy because there's a lot of people that love certain things or they like certain things, but they don't pursue those things. They don't pursue those things because they're how can I say the opinion of others and their opinion always what they're willing to do to have what they desire with the person I'm looking at right now is saying on this board, I love this person and I don't care what nobody thinks and I don't care what it comes with. I don't care what people want to say because we're good and we're going to be good. That's what this energy is saying to me and it's like wow. I have to get pulling cars just to see and then we got the six of sorts. Somebody knows that this is the right way. That's man, that's that's love. That's when you know the love is real. That's when you know love is real and it's strong and it's connected because when shit get crazy on the outside, somebody's not running

away. Somebody is choosing this and it's not like it's something crazy within the relationship. I don't think it's that because I'm not talking about being with somebody that's abusive or something like that. That's not we're not even going to do that. I'm talking about it's not easy to have this relationship. It could be many things that make the relationship a little bit harder but there is a strong, extremely strong love there and it clearly it doesn't look like it can be broken. Clearly. Now it could be challenging but someone is taking on the challenge like someone is going to hold it down. That's what it looked like. Period. That's what it looked like. They're going to hold it down. What is this energy here?

Six of Wands

Six of Wands: victory · recognition

We have the six of wands energy. We have the queen of finicles.

05

Seven of Swords, The Lovers

Seven of Swords: deception · strategy

The Lovers: union · a choice

Damn, we have the seven of swords. Why we got that? We have the lovers. So there could be strategies that a relationship will need to have in order to be successful and then we have the four wands. Yeah. This is something else. This is a very, this sound like some rider die. This sound like some like real understanding relationship. This don't even sound like my goodness. I almost want to say this don't even have a title because for somebody to love somebody that hard, it don't even matter what the fuck you call it. That's what I'm talking about. It's ways that these two are going to have this relationship and it's going to work for them. Whatever it is, it's going to work for them because that's just what it that's just literally it's the 10 of wands. It doesn't get no harder than that. It doesn't get no stronger than that. Like that's somebody that like if you ever met somebody that loved their job, they don't care how tired they could be exhausted or like whatever it is, they love it. This is this person. This is this person saying I love it. I love this person that much or I love what I'm doing that much that I don't care what it comes with. It is what it is, but it comes with the 10 of finicles. It comes with the nine of cups. It comes with this success, this six of wands and the lovers is here too. But the seven of swords, there's a way that the lover's energy is going to manifest. It's not going to be something that is just flat line or it's just a straight line or something like that. It's something

different and that's the goal actually. That's the goal. And that's what's crazy. Like everybody's relationship is not meant to be the same. But the goal is going to be met here because somebody is taking on the challenge. They're not turning away because it's hard. I mean, but to each their own, to each their own, because I'm not trying to say that this is supposed to be everybody. It's not. But whoever this is,

06

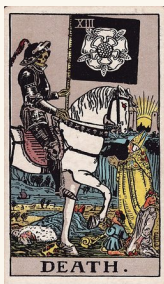

The Moon

The Moon: hidden influence · illusion

it's supposed to be them. What is this energy here? We have the moon card. Okay, always, there could always be fears. There could always be things that's unknown. You know, that could

07

Death

Death: endings · transformation

always be scary. Who does this energy? We have the death card. Yeah, that's getting a little bit, you know, we have Scorpio and Pisces. We'll just say water signs. I mean, we did start with a

08

Queen of Wands

Queen of Wands: confidence · warmth

night of cups. We have the queen of wands here. So look like some type of psychological transformation

09

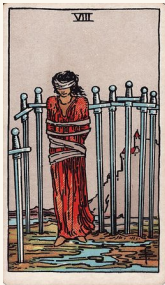

Page of Swords

Page of Swords: curiosity · vigilance

that is happening with this queen of wands. I don't know who that is. We have the page of swords. So somebody's going to witness this psychological change like this queen of wands going to go through a death.

10

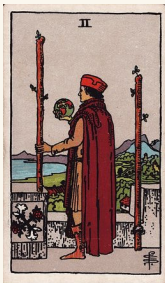

Eight of Swords

Eight of Swords: restriction · fear

They're going to go through a major transformation. We have the eight of swords here. We have the three

11

Two of Wands

Two of Wands: planning · decisions

of swords. And then we have the two of wands energy. Wow, something's going to happen with this queen of wands where they're going to break out of something. They're going to see the truth and they're going to move forward. And it may be a death. It may be something that's out of their control. But a person is going to see this queen of wands shift. I don't care for some men or woman. They're going to see the queen of wands shift and have clarity even though the clarity is going to hurt is going to wake them up. And that's why someone is going to just do what they got to do. And it's not something that's like bad. It's not the relationship that is crazy. It's the things that may surround the relationship or maybe one person or maybe what somebody's pursuing as their job, their career is something that's going to like change the dynamic of something. And a person is still going to be like, but I love this person or I love this job. And I'm going to keep doing it. And I'm going to do it my way. And it's going to work like really it be like that. I mean, everybody be so busy trying to be like somebody else for real. You got to you got to make your shit work. Don't look at somebody else and

think you can have theirs or think that theirs is flawed. Have yours and let somebody have theirs. I mean, I'm just saying, what's this energy here? Let me get another deck. What's going on here?

12

The Empress

The Empress: nurturing · abundance

What is going on? We have the Empress.

13

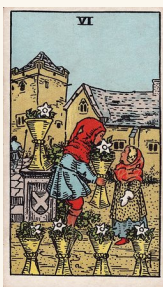

Seven of Wands

Seven of Wands: defense · courage

We have the lovers. Okay, the lovers is out here for the second time. We have the Seven of Wands. Now that is somebody that's a fighter. That's somebody that's defending something. It could be defending the relationship. Defending something. A person is not going to back down. A person is not going to give up. I don't care who it is. Taurus, Libra is something about Venus here. They're not going to give matter of fact Venus and Mars is here. They're not going to give up. They're not going to give up or you're not going to give up. What is this energy? That's a very strong relationship right there, man. If I never seen one on the board,

14

Six of Cups

Six of Cups: nostalgia · innocence

that is it right there. We have the Ace of Finicles here and we have the Six of Cups. I'm telling you, you know what I noticed in this card. The first thing I noticed was the mountain in the background. That was the first thing I noticed was the damn mountain. Okay, the mountain. That's the, and this is the seed. Somebody knows that it ain't going to be easy because a mountain who's climbing that? That's what I'm saying. Most people are going to be like, no, that's why I'm this is only for certain people. Okay, and they got to be with the right person. You can't have

15

The Lovers

The Lovers: union · a choice

this energy with anybody. That's why it's lovers. That's why it's a choice. You're supposed to make the best choice. When it's real, it's real and you go with it. I'm not talking about no abuse. I'm not talking about no toxic shit. I'm not talking about nothing crazy. But I'm talking about the relationship sticking like super glue. And it was the Six of Cups also beside the Ace of Finicles. And the Six of

16

The Sun

The Sun: clarity · joy

Cups represents an extremely deep relationship. It's Scorpio, the Sun, Scorpio energy. What is this?

17

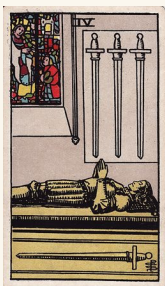

The Moon

The Moon: hidden influence · illusion

We got the moon energy again. What is this? And we have the two of pinnacles. So we started with that Ace of pinnacles, Six of Cups moon and I was the two of pinnacles. So somebody is going to balance whatever they got a balance, whatever. I don't care what it is. The unknown is the unknown. Somebody's just going to go through it because this relationship is deep. It's real. It goes back. It has roots. It's

18

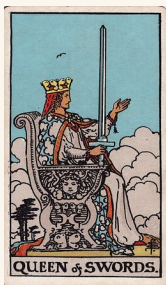

Four of Swords

Four of Swords: rest · recovery

rooted in something. That's all I could say. What is this energy here? We have the Four of Swords

19

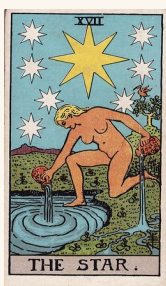

Queen of Swords

Queen of Swords: independence · clarity

Energy. Okay. Four Swords. Queen of Swords. That's a very peaceful energy for the Queen of Swords. I know if the Queen of Swords could be in any energy, they'd rather be in the Four of Swords.

20

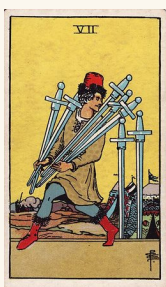

The Star

The Star: hope · renewal

Rest in their mind. Chillin' out. Relaxing. Not worried about something here. We got the star, Aquarius energy. Aquarius energy is almost like this Queen of Swords not even worried about the star. The Queen of Swords knows that everything is all good, like whatever worries or I don't even think there was any worries in this reading. I think somebody knows exactly what they feel, what they want, who they are, what they're aligned with. I feel like it's all out here. I feel like even the choice. Like this is a beautiful choice. Nothing surrounding the lovers was ever bad.

21

Seven of Swords

Seven of Swords: deception · strategy

Wait. Okay. The Seven of Swords was there, but I don't believe the Seven of Swords represented any Seven of manipulation. I believe that the Seven of Swords represented a different kind of way to have the relationship, because there's, you know, everything is not the same for everybody. So there may be a different way that y'all operate and it works for y'all, and that's how it's supposed to be. What is this energy? And plus, after the lover's car was the 401, so I know that's an achievement. So the Seven of Swords is not something negative here. It's something that's positive if you know how to

you know, you got to, you got to use your brain. You know, you got to figure it out. It's a puzzle. You got to do what you've got to do. What is this? It says power and intention and somebody's using their power the right way. It says expect miracles. I'm going to leave this one right here. If you liked what it are, please like, share, and subscribe. Thank you so much for your like, shares, and subscribe.
