HOW TO READ THIS

Every block below is one card moment from the reading. The card art and name are what the reader just turned over; the two bold words are the card's core teaching meaning; the paragraph under it is exactly what she said while that card sat on the board.

01

Seven of Pentacles, The High Priestess, Strength

Seven of Pentacles: **patience** · **investment**
The High Priestess: **intuition** · **the unseen**
Strength: **inner strength** · **controlled force**

We have the Strength card, the Seven of Pentacles, and the High Priestess. Now the High Priestess can see the truth about someone that's not giving up, someone that has the strength to go the distance in something and work towards and get to the results. There's a High Priestess that sees this. They know that someone has the strength because someone has done a lot of

Seven of Cups

work. What is this? Oh come on. Come on, where'd you go? Okay. We have the Seven of Cups energy.

03

Two of Cups

Two of Cups: partnership · union

Let me get something here with this. And we have the Two of Cups. Now you know what? When I laid it down, the Two of Cups was more so in reverse, but I never read these particular cards in reverse. But then the Two of Cups came out and it made sense. This is something about the illusions being lifted, something about maybe somebody's true feeling, somebody's not hiding, they're feeling, somebody's not hiding, whatever it is that could have been concealed. Like somebody's overcoming something that it's like something is really out and open. I really do not read these particular cards in reverse ever. And I got a confirmation of my phone ever. And when I picked it up off the ground, or the floor, not the ground, and put it up here, it was more in reverse. And I was like, and then it was the Two of Cups. And I'm like, wow, so the High Priestess can see that someone like the veil is being lifted or the illusions being lifted or someone is seeing the truth about

04

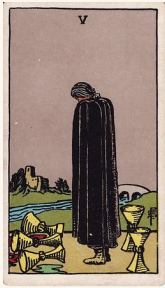

Three of Cups

Three of Cups: friendship · celebration

the matter, somebody is seeing it. What is this energy? We have the Three of Cups. Wow. I feel like something is opening up. The Seven of Cups in reverse is such a good energy. It's like being behind the scenes. Like if the Seven of Cups was a movie, because you know, as the audience were supposed to think that the movie is real, that's how it was back in the day, right? We thought this shit was real. Yeah. So if that's real as the Seven of Cups, Seven of Cups in reverse is like behind the scenes. It doesn't change the truth, but at least there is no smoke where you, you're behind the scenes. You can see what happened. You can see what's going on. You can see the ins and outs. You see how the whole thing comes together like, I never read these cards in reverse. What's this energy here? Because a lot of reversals are not good. I'm just saying. We have the Five of

05

Five of Cups

Five of Cups: **grief · loss**

Cups energy. Now I wish the Five of Cups had come out in reverse. But the Five of Cups is here. What is this energy? What is this? And then we have the Five of Wands, not the Five of Cups and the Five of Wands. Something about, is something that makes a person sad to fight about? They don't want to fight about something that makes them emotional or sad. It's something. Okay. Like I said, the High Priestess can see that whoever I'm talking about, they have the strength to get through something. Okay. I think now looking at these last two cards, I think that the veil was lifted, Seven of Cups in reverse. The veil was lifted, but what was left wasn't good. I thought that it was good because it

06

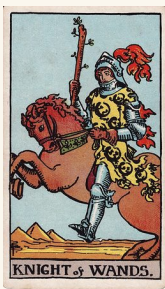

Three of Cups

Three of Cups: **friendship · celebration**

went from the Two of Cups and then the Three of Cups. It could be something about friends or close relationships or all relationships in general, like the veil has been lifted off of all relationships. When it comes to this person, it has strength and they have to overcome and they have to win. Because the strength card comes out when there is a battle and you got to win. That's when it comes out. So there's Seven of Cups in reverse. It's a blessing because now someone can see through the illusion. Maybe they can see what the High Priestess can see. You know, maybe the High Priestess was suffering as far as like suffering, maybe because a person could not see. The High Priestess is not illusion. The High Priestess knows that that's just a movie. You know what I mean? But maybe they were suffering because another person does not know that it's just a movie. And now that that person, and I hope people can read between the lines, now that that that person knows it's a movie, the High Priestess can rest or the High Priestess can be at peace. And they can, that's why they are looking at this person like they can see the potential. They can see that somebody has the fight. They can see, I mean, they got the fight within them. They can see that someone has the power to overcome this and perfect something because now, oh my goodness. Yeah, I see it now. Like now they can see it's different when, let's say if this was a battle you're fighting, it's different if you can't see your enemies. It's different if you can't see the truth. It's different. But now the High Priestess knows that somebody can see the truth. Now the High Priestess knows that somebody's aware of

whatever the relationship and the friendship or the people they have around or the celebration or the friend family, whatever. Somebody knows the truth of the veil has been lifted. The veil has been lifted because it was, I feel like somebody was being attacked emotionally and spiritually out here. Being attacked and did not know why or how. And it's because of what a person did not see and the High Priestess could see. Now a lot of times High Priestess stayed quiet. Okay, but at the same time, if this is somebody close or somebody you care about, I know somebody had to say something. I know that High Priestess did not sit there and be quiet. I don't even need to clarify the High Priestess. I know this High Priestess did not sit there and be quiet and let something go down. They can see that a person is aware. I don't know how the veil was lifted, but the veil was lifted and it's extremely significant that this Seven of Cups, it was in reverse. It's extremely significant because like I said, I don't read them in reverse, not these cards.

07

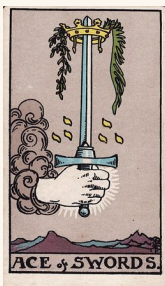

Knight of Wands

Knight of Wands: **adventure** · **drive**

I read other cards in reverse, but not these. What's this energy? We have the Knight of Wands

08

Ace of Swords

Ace of Swords: **clarity** · **truth**

energy here. Ace of sword and Knight of Wands. See, that's when you know the truth. You got to do something or when you know the truth, you do better. What is this energy here? Yeah, somebody had to know the truth. It may have been a lightning strike. It may have been something that hit another person. I thought I heard I was about to say, what the hell just happened? I must be tripping. What is

09

Eight of Pentacles

Eight of Pentacles: **mastery** · **diligence**

this? We have the eight of Pentacles. That's what I'm talking about because the second card in this reading was the seven. And the seven is good, but it ain't good enough. We got to get to the eight. The seven is I know somebody ain't gonna give up, but we got to get to the finish line because sometimes people drop right before the finish line. No, we can't do that. We got to get to the finish line. And that's what somebody needed to get to the finish line. That's what somebody needed. So maybe it was some type of truth. I noticed how priests had to say something. I know they did because the ace of sword is out here. I noted that high priestess had to say something or they told the truth because you ever been you ever had somebody tell you something and it hit you like like damn like weather. Like I don't know. Sometimes somebody can hit it right like hit the point right on the nail. They can just hit it right there. Maybe that happened because it's the ace of sword that should come through like lightning sometimes. What is this

10

The Moon

The Moon: hidden influence · illusion

energy? We have the moon. We have the two of swords energy. Oh, come on, don't fall. We have the page

11

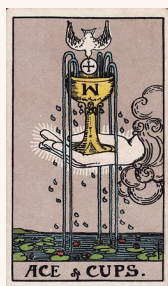

King of Cups

King of Cups: emotional mastery · calm

of Pentacles. And then we have the king of cups. Now, what is this here? Is something about not giving something to a water sign, not giving something to this king of cups? Like not get like somebody now is aware of something and they're not going to give to this king of cups. They're going to stop. It's something that a person could not see. It was very repressed or it was like something very hidden within them. I don't know how to say like all I know is that something needed to be known so they stop going towards this king of cups or they stop giving to this king of cups or they stop trying to build with this king of cups. Like when once they realize that that king of cups is actually tearing you down, that king of cups is actually talking shit that king of cups is actually trying to harm you that king of cups hold you back like the strength activates when there is a threat. You know, so it's something here where a person was going through a battle and did not even know who their friends who their real people are like they didn't know nothing and a high priestess lifted that

shit. Now if this high priestess is a how can I say like a spiritualist they did something where I mean if possible if possible or if permissioned they did something to lift the veil they did something so a person can see the truth and so that it's not invisible to them. It's possible the strength card draws on all power any power available and if something where once the veil is lifted you see what you can't who you can't build with, who you can't deal with, who you can't be around, who's actually harming you but you really can't even see it because it'd be like that. It'd really be like that. It was the synergy here. We have the

12

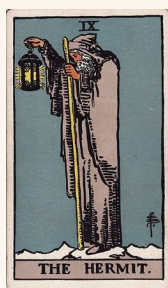

Ace of Cups, The Empress

Ace of Cups: new love · feeling

The Empress: nurturing · abundance

Empress what's going on here and we have the ace of cups. I don't know if that's somebody's mother. I don't know that Empress there's a lot of love with that Empress or somebody's finding self-love. It could be somebody finding their beauty finding their reality finding their ability to manifest. Maybe they don't want to maybe they understand how important it is to come into some type of power or come into some type of strength or to fight some type of battle. Maybe they understand because about renewal. You know you can't have the ace of cups and the seven of cups. Like I said unless it's something artistic and it's meant to be an illusion but if it's not meant to be like that you cannot have the illusion and the ace of cups that's not really healing. Like if you're talking about let's say self-love I would say self-love is the ace of cups. If you're talking about somebody that doesn't really know let's say themselves that would be more like the seven of cups or they don't really know someone else like that that's like the seven of cups or they don't really know that that's an illusion or that was fake or that was a setup that's the seven of cups though you know it's very how can I say they don't always exist together. Okay this Empress has the ace of cups they have some type of healing they have some type of emotional clarity they have some type of connection to self and it's only because that's seven of cups is in reverse.

13

The Hermit

The World

The World: completion · cycle closing

the damn lantern they got the flashlight out here what is this energy and we got the world card yep close out that cycle and the bottom of the deck was the file of pentacles so it definitely is something that's very damaging and a person did not know where it was coming from but sometimes it don't matter you just have you have to draw on that strength you have to ask you have to like there's things that you must do you got to when you want to know the truth when you don't know how something like yeah getting a reading that's all good but sometimes you can just ask like show me the truth or if you have a relationship with your spirits or if you really want something bad enough and it's just like you could be crying like don't ever underestimate the power of your emotion that blood that you have in you is ancient it's all everybody it's the beginning of everything okay don't mistake that you can use your emotion if you want to know the truth or it is people around you that's bad for you you want to like sometimes it just takes that much like you got to get that matter you got to get that let's say crazy you got to get that crazy to the point where it's just like no show me the truth so either somebody went to this high priestess or the high priestess is somebody close to this person or you know they're related or something but i know that the high priestess is saying thank god that this person can see i know i know that the high priestess is saying thank god that somebody can see the truth because yeah not seeing the truth can put other people in danger especially when you're you know when somebody's going somewhere or doing something that's putting you in danger or putting themselves in danger that can put the high priestess in danger i could put a like other people but this like i said this person can see let me get something here let me see something here just a little few what's this energy what do we need to know we got the tendosaur yep so something is completely canceled somebody got their walls up somebody got their boundaries up and that's how we're supposed to be that's how it's supposed to be right there

15

Death

Death: endings · transformation

death card it's it's clear it's clear there's a transformation here there's a transformation somebody may have thought something and now they don't think that no more because they can see beyond the veil they can see whose friend whose family whose rail who's not they can see everything so you

can see it you really have to live in your truth like it's not a game you have to live in your truth there is such thing as an emotional truth there is there is like truth is not how can i say or we could say emotional facts it makes more sense to say emotional truth but emotions are fluid you know it's true i'm wearing a black shirt right now right but it's also true i could go and change it i could wear a white one i could wear a whole different shirt that could be true in another moment okay let me get something here but whatever this is somebody needs to stay true to what they feel they need to stay true to what they're seeing they need to stay true to the fact that they just found out the truth and they have they were actually being attacked by something that they were close to or someone they were close to and did not see it and the the high priestess was probably trying to warn him and tell him but they didn't see it something was lifted where now they can see it we it says mother father god and it says strength and guidance so i'm telling you it is one of those kind of things you got to reach up you got to get a little spiritual with this one because if the veil is lifted and somebody can see the behind the scenes shit now it's not that same kind of magic no more it's not that same kind of like when you go to a magic show and you really can't see how they're doing the tricks but then you know maybe if you were sitting to the side or to the side of the stage you could see deep things differently well now whoever this is they're sitting on the side of the stage and they can see everything so now it's like oh so now the high priestess can be like oh i thank god they can see you know that this this person wasn't real or this person or get like i'm just trying to you know spell it out but okay i'm gonna leave this one right here if you like the way that our replays like share and subscribe thank you so much for your likes share and subscribe i truly appreciate it because of this how we get the messages out in order to elevate the electives all of you guys and i'll be back with another reading later
