

The Veil Was Lifted So You Could See Who Attacked You

A card-by-card teaching guide to the spread in the video. Read it alongside the reading to learn each card as it lands.

17 cards · up to 10 on screen at once · reading order

HOW TO READ THIS SPREAD

This is a **flowing spread**, not a fixed cross. The reader pulls cards as she speaks, and up to **10** stay on the board at once so a whole thought stays visible before older cards step aside.

Each card below is numbered in the **order it first appears** in the reading. The two highlighted words are the card's core meaning; under them is **what the reader actually said** when she turned that card, taken straight from this reading.

The video placed cards across **159** spoken beats. The same 17 cards, taught one screen at a time, are gathered here so you can study them after the read.

THE CARDS, IN READING ORDER

01

Seven of Pentacles

patience investment

We have the Strength card, the card, and The High Priestess.

02

The High Priestess

intuition the unseen

Now the card can see the truth about someone that's not giving up, someone that has the Strength to go the distance in something and work towards and get to the results. And I'm like, wow, so the card can see that someone like the veil is being lifted or the illusions being lifted or someone is seeing the truth about the matter, somebody is seeing it. What is this energy?

03

Strength

inner strength controlled force

They know that someone has the card because someone has done a lot of work. Come on. Come on, where'd you go? Okay. When it comes to this person, it has the card and they have to overcome and they have to win. Because the card comes out when there is a battle and you got to win. That's when it comes out.

04

Seven of Cups

choices illusion

The card in reverse is such a good energy. It's like being behind the scenes. Like if the card was a movie, because you know, as the audience were supposed to think that the movie is real, that's how it was back in the day, right? We thought this shit was real. Yeah. So if that's real as the card, the card in reverse is like behind the scenes. It doesn't change the truth, but at least there is no smoke where you, you're behind the scenes.

05

Two of Cups

partnership union

Now you know what? When I laid it down, the card was more so in reverse, but I never read these particular cards in reverse. But then the card came out and it made sense. This is something about the illusions being lifted, something about maybe somebody's true feeling, somebody's not hiding, they're feeling, somebody's not hiding, whatever it is that could have been concealed.

06

Three of Cups

friendship celebration

Wow. I feel like something is opening up. I thought that it was good because it went from the Two of Cups and then the card. It could be something about friends or close relationships or all relationships in general, like the veil has been lifted off of all relationships.

07

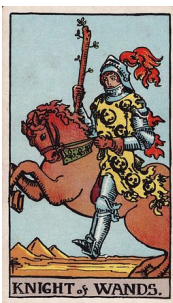

Five of Cups

grief loss

Now I wish the card had come out in reverse. What is this energy?

08

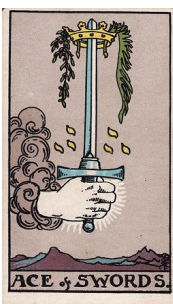

Knight of Wands

adventure drive

adventure and **drive**. The reader did not dwell on this card; read it by that core meaning where it sits in the spread.

09

Ace of Swords

clarity truth

The card and Knight of Wands. See, that's when you know the truth. You got to do something or when you know the truth, you do better. What is this energy here? Yeah, somebody had to know the truth. It may have been a lightning strike. It may have been something that hit another person. I thought I heard I was about to say, what the hell just happened? I must be tripping. I know they did because the card is out here.

10

Eight of Pentacles

mastery diligence

That's what I'm talking about because the second card in this reading was the seven. And the seven is good, but it ain't good enough. We got to get to the eight. The seven is I know somebody ain't gonna give up, but we got to get to the finish line because sometimes people drop right before the finish line. No, we can't do that. We got to get to the finish line. And that's what somebody needed to get to the finish line. That's what somebody needed.

11

The Moon

hidden influence illusion

hidden influence and **illusion**. The reader did not dwell on this card; read it by that core meaning where it sits in the spread.

12

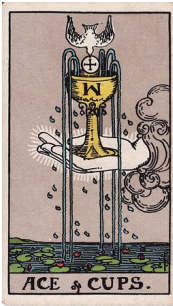

King of Cups

emotional mastery calm

Now, what is this here? Is something about not giving something to a water sign, not giving something to the card? Like not get like somebody now is aware of something and they're not going to give to the card. They're going to stop. It's something that a person could not see. It was very repressed or it was like something very hidden within them.

13

Ace of Cups

new love feeling

We have The Empress what's going on here and we have the card. I don't know if that's somebody's mother. You know you can't have the card and the seven of cups. Like I said unless it's something artistic and it's meant to be an illusion but if it's not meant to be like that you cannot have the illusion and the card that's not really healing. Like if you're talking about let's say self-love I would say self-love is the card.

14

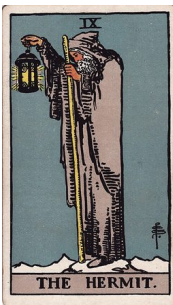

The Empress

nurturing abundance

I don't know that the card there's a lot of love with that the card or somebody's finding self-love. It could be somebody finding their beauty finding their reality finding their ability to manifest.

15

The Hermit

solitude inner wisdom

Like someone has to see it or their own royalty something they have to see it we have the card here yeah the card even digs deep they learn the lesson they see what's hidden they got the damn lantern they got the flashlight out here what is this energy and we got The World card yep close out that cycle and the bottom of the deck was the file of pentacles so it definitely is something that's very damaging and a person did not know where it was coming from.

16

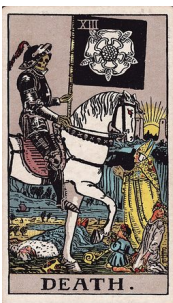

The World

completion cycle closing

completion and **cycle closing**. The reader did not dwell on this card; read it by that core meaning where it sits in the spread.

17

Death

endings transformation

endings and **transformation**. The reader did not dwell on this card; read it by that core meaning where it sits in the spread.
